

ASR HYBRID MUZZLE BRAKE .46 - SILENCERCO HYBRID 5/8X24 ASR MUZZLE BRAKE .46

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Reduces Recoil AND Make Mounting a Suppressor Easy

SilencerCo's Hybrid ASR muzzle brake makes changing suppressors a simple, one-handed, on-and-off operation. This 3-port muzzle brake works with SilencerCo sound suppressors that use the Active Spring Retention (ASR) mounting system, including Specwar, Saker, Omega, Hybrid, and Harvester Big Bore ASR silencers. .46" opening accommodates a variety of calibers Available with 5/8"-32 and 5/8"-36 thread pitches Stainless steel construction resists blast erosion Tough black nitride finish Comes with shims for easy installation When used alone, without a silencer attached, the SilencerCo Hybrid ASR muzzle brake effectively reduces felt recoil and muzzle climb to help you stay on target even during unsuppressed fire.

Attributes

Safety Instruction Guide for ASR Hybrid Muzzle Brake .46

Introduction

Thank you for choosing the ASR Hybrid Muzzle Brake .46 from SilencerCo. This product is designed to enhance your shooting experience by effectively reducing recoil and muzzle climb. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is suitable for your firearm and intended use.
- Always follow local laws and regulations regarding firearm accessories.
- Regularly inspect the muzzle brake for any signs of wear or damage before each use.
- Store the muzzle brake in a safe, dry place when not in use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with this muzzle brake.
- Avoid using the muzzle brake with firearms that exceed its specified caliber limits.
- Ensure the muzzle brake is securely attached before firing.
- Do not modify the muzzle brake in any way, as this may compromise safety and performance.
- Keep the muzzle brake away from children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Thread Compatibility:** Check that the muzzle brake's thread pitch (5/8"24) matches your firearm's muzzle threads.
3. **Attachment:**
 - Align the muzzle brake with the threads on your firearm.
 - Handtighten the muzzle brake onto the threads.
 - Use a wrench to securely tighten the muzzle brake, but avoid overtightening.
4. **Shims:** Use the provided shims for proper alignment and fit if necessary.

Usage

- When using the muzzle brake without an attached silencer, be prepared for increased noise and muzzle blast.
- Maintain a firm grip on your firearm to control recoil effectively.
- After use, inspect the muzzle brake for any signs of damage or wear.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and firearm accessories.
- Do not throw the muzzle brake in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the ASR Hybrid Muzzle Brake .46, please consult your local SilencerCo representative or authorized dealer.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation while using the ASR Hybrid Muzzle Brake .46. Enjoy your shooting experience responsibly!
