## Protects Suppressor, Mitigates Mirage

The Cole-Tac Metal Python Suppressor Cover protects your suppressor from dings, keeps you from burning your hands on a hot can and eliminates mirage. Innovative BOA locking straps ensure the Cole-Tac Metal Python Suppressor Cover won't move under recoil and even prevents the cover from stretching over time. Durable Metal Buckles Adjustable Straps No-Slip Cinch Design Fits Suppressors With 1 3/8-1 5/8" Diameters Made of durable 1000 Denier Cordura Nylon, the Cole-Tac Metal Python Suppressor Cover boasts a proprietary fire-resistant lining that withstands heat up to 1800°F. Cole-Tac Metal Python Suppressor covers are not mag-dump rated and will melt. We will not refund or replace a cover that has been melted. If you are needing a full auto rated cover, please use the HTP Suppressor Cover. Click here for sizing charge

# ColeTac Metal Python Suppressor Cover Safety Instructions

## Introduction

Thank you for choosing the ColeTac Metal Python Suppressor Cover. This product is designed to protect your suppressor from dings, prevent burns from hot surfaces, and eliminate mirage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure the suppressor cover is properly fitted before use.
- Do not use the suppressor cover if it shows signs of damage or excessive wear.
- Avoid direct contact with the cover when it is hot, as it can cause burns.
- The cover is not suitable for magdump applications and will melt if exposed to extreme heat.
- Ensure that children and vulnerable individuals are kept away from the suppressor cover during use.

## Specific Safety Precautions for Use

- **Heat Resistance:** The ColeTac Metal Python Suppressor Cover can withstand heat up to 1800°F. However, it is not magdump rated and will melt under extreme conditions.
- **Proper Handling:** Always use gloves or protective gear when handling the suppressor cover immediately after use.
- **Avoiding Stretching:** The innovative BOA locking straps help prevent the cover from stretching over time. Ensure they are properly adjusted before use.
- **Recoil Management:** Ensure the cover is securely fitted to avoid movement during recoil, which could lead to potential hazards.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the suppressor is cool before installation.
- Clean the suppressor surface to remove any debris or residues.

### 2. Fitting the Cover:

- Slide the suppressor cover over the suppressor.
- Adjust the cover to ensure it fits snugly around the suppressor with a diameter of 1 3/8 5/8 inches.

### 3. Securing the Cover:

- Use the adjustable straps to secure the cover in place.
- Tighten the BOA locking straps to ensure that the cover does not move during use.

### 4. PostUse Care:

- Allow the suppressor cover to cool completely before handling.
- Inspect the cover for any signs of damage or wear after each use.

## **Disposal Instructions**

- The ColeTac Metal Python Suppressor Cover is made from durable materials. However, if the cover needs to be disposed of, please follow local regulations for the disposal of textile materials.
- Do not burn the cover, as it may release harmful substances.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's website or customer service. Ensure that you have the product details ready for any inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your ColeTac Metal Python Suppressor Cover. Please keep this guide for future reference.
