## Protects Suppressor, Mitigates Mirage

The Cole-Tac Metal Python Suppressor Cover protects your suppressor from dings, keeps you from burning your hands on a hot can and eliminates mirage. Innovative BOA locking straps ensure the Cole-Tac Metal Python Suppressor Cover won't move under recoil and even prevents the cover from stretching over time. Durable Metal Buckles Adjustable Straps No-Slip Cinch Design Fits Suppressors With 1 3/8-1 5/8" Diameters Made of durable 1000 Denier Cordura Nylon, the Cole-Tac Metal Python Suppressor Cover boasts a proprietary fire-resistant lining that withstands heat up to 1800°F. Cole-Tac Metal Python Suppressor covers are not mag-dump rated and will melt. We will not refund or replace a cover that has been melted. If you are needing a full auto rated cover, please use the HTP Suppressor Cover. Click here for sizing charge

# ColeTac Metal Python Suppressor Cover Safety Instructions

## Introduction

Thank you for choosing the ColeTac Metal Python Suppressor Cover. This product is designed to protect your suppressor from damage, prevent burns from hot surfaces, and reduce mirage. Please read this safety instruction guide carefully to ensure safe and effective use of the suppressor cover.

## General Safety Guidelines

- Always ensure that the suppressor cover is properly fitted before use.
- Regularly inspect the cover for signs of wear or damage.
- Do not use the suppressor cover if it has been melted or damaged.
- Keep the suppressor cover out of reach of children and vulnerable individuals.
- Only use the cover with suppressors that have a diameter of 1 3/8 to 1 5/8 inches.
- Be aware that the cover is not rated for magdump use and will melt under extreme heat.

## Specific Safety Precautions for Use

- **Heat Resistance:** The cover can withstand temperatures up to 1800°F. However, it is important to avoid exposing the cover to direct flames or excessive heat sources.
- **Recoil Stability:** Ensure the BOA locking straps are securely fastened to prevent movement during use.
- **Burn Prevention:** Always allow the suppressor to cool down before handling it or removing the cover.
- **Material Safety:** The cover is made from durable 1000 Denier Cordura Nylon with a proprietary fireresistant lining. However, it is not designed for fullauto rated use.

## Instructions for Installation and Usage

### 1. Fitting the Cover:

- Ensure the suppressor is clean and cool before fitting the cover.
- Slide the cover over the suppressor, ensuring it fits snugly without excessive stretching.

### 2. Securing the Cover:

- Use the adjustable straps to secure the cover in place.
- Pull the BOA locking straps tightly to ensure the cover does not move during use.

### 3. PostUse Care:

- After use, allow the suppressor to cool completely before removing the cover.
- Inspect the cover for any signs of damage or melting before storing it.

## Disposal Instructions

- Dispose of the suppressor cover in accordance with local regulations.
- Do not burn the cover, as it is made from synthetic materials that may release harmful fumes.
- If the cover is damaged or melted, dispose of it safely to prevent any risk of injury.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the ColeTac Metal Python Suppressor Cover, please contact your local retailer or visit the manufacturer's website for additional support and information.

By following these guidelines, you can ensure safe and effective use of your ColeTac Metal Python Suppressor Cover. Thank you for your attention to safety.
