## Protects Suppressor, Mitigates Mirage

The Cole-Tac Metal Python Suppressor Cover protects your suppressor from dings, keeps you from burning your hands on a hot can and eliminates mirage. Innovative BOA locking straps ensure the Cole-Tac Metal Python Suppressor Cover won't move under recoil and even prevents the cover from stretching over time. Durable Metal Buckles Adjustable Straps No-Slip Cinch Design Fits Suppressors With 1 3/8-1 5/8" Diameters Made of durable 1000 Denier Cordura Nylon, the Cole-Tac Metal Python Suppressor Cover boasts a proprietary fire-resistant lining that withstands heat up to 1800°F. Cole-Tac Metal Python Suppressor covers are not mag-dump rated and will melt. We will not refund or replace a cover that has been melted. If you are needing a full auto rated cover, please use the HTP Suppressor Cover. Click here for sizing charge

# ColeTac Metal Python Suppressor Cover Safety Instructions

## Introduction

Thank you for purchasing the ColeTac Metal Python Suppressor Cover. This product is designed to protect your suppressor from damage, prevent burns, and reduce mirage. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Always ensure that the suppressor cover is used according to the guidelines to prevent any hazards.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product.
- **Online Shopping:** When purchasing online, ensure the retailer complies with safety regulations.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, please refer to the contact information provided by the retailer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- **Heat Resistance:** The ColeTac Metal Python Suppressor Cover is made with a fireresistant lining but is not magdump rated. It can melt if exposed to extreme heat.
- **Proper Fit:** Ensure the cover fits suppressors with diameters between 1 3/8" and 1 5/8". A proper fit is essential to avoid movement during use.
- **Avoid Overheating:** Do not use this cover with suppressors that exceed the heat resistance limit of 1800°F.
- **No MagDump Use:** This cover is not designed for fullauto use. If you require a full auto rated cover, consider using the HTP Suppressor Cover.
- **Inspection:** Regularly inspect the cover for signs of wear or damage. Do not use if the cover is melted or compromised.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the suppressor is cool to the touch before installing the cover.
- Clean the suppressor surface to remove any debris or contaminants.

### 2. Installation:

- Slide the suppressor into the cover, ensuring it fits snugly.
- Adjust the straps using the durable metal buckles to secure the cover in place.
- Utilize the noslip cinch design to prevent movement during use.

### 3. Usage:

- Always monitor the temperature of the suppressor while in use.
- Avoid direct contact with the cover when the suppressor is in operation, as it may become hot.
- If the suppressor cover shows signs of melting or damage, discontinue use immediately.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not incinerate the cover as it may release harmful substances.
- If the cover is damaged or melted, it should be disposed of safely to avoid any hazards.

## Contact Information for Further Support

For any questions or concerns regarding the ColeTac Metal Python Suppressor Cover, please refer to the contact information provided by your retailer. Always ensure that you are following the latest safety guidelines and recommendations.

Thank you for choosing the ColeTac Metal Python Suppressor Cover. Your safety is our priority.
