HTP (HIGH TEMPERATURE PYTHON) SUPPRESSOR COVER SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the ColeTAC High Temperature Python (HTP) Suppressor Cover. This product is designed to withstand extreme temperatures and provide reliable protection for your suppressor. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always ensure the suppressor cover is compatible with your suppressor before use.
- Inspect the suppressor cover for any signs of damage before each use.
- Do not exceed the maximum temperature rating of 3000°F.
- Keep the suppressor cover away from flammable materials during use.
- Use the product only for its intended purpose.
- Store the suppressor cover in a cool, dry place when not in use.
- Be aware of your surroundings and ensure that no one is in close proximity while shooting.

Specific Safety Precautions for Use

- Ensure the suppressor is securely attached to your firearm before installing the cover.
- Use caution when handling the suppressor and cover immediately after use, as they may be extremely hot.
- Avoid using the suppressor cover in wet conditions to maintain its effectiveness.
- Do not attempt to modify the suppressor cover in any way.
- If the cover becomes damaged during use, discontinue use immediately and replace it.

Instructions for Installation and Usage

1. Installation:

- Ensure the suppressor is cool before installation.
- Slide the suppressor cover over the suppressor, ensuring a snug fit.
- Use the BOA locking straps to secure the cover in place.
- Adjust the straps as needed to ensure a secure fit without excessive tightness.

2. Usage:

- Always wear appropriate protective gear, including eye and ear protection, when using firearms.
- After shooting, allow the suppressor and cover to cool down before handling.
- Regularly inspect the cover for wear and tear, especially after extensive use.

Disposal Instructions

- Dispose of the suppressor cover in accordance with local regulations.
- If the cover is damaged beyond repair, it should be discarded in a manner that prevents it from being reused.

Contact Information for Further Support

For safety inquiries or further assistance regarding the ColeTAC High Temperature Python (HTP) Suppressor

Cover, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safer and more enjoyable experience with your ColeTAC HTP Suppressor Cover.
