# Safety Instruction Guide for MXT Extension Tube Kits

## Introduction

Thank you for choosing the Nordic Components MXT Extension Tube Kits. These kits are designed to enhance the capacity of various 12ga shotguns. It is crucial to read and understand this safety instruction guide to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of the MXT Extension Tube Kits by following these guidelines:
  - Always read the product instructions before use.
  - Use the extension tube kits only with compatible 12ga shotguns.
  - Regularly inspect the extension tube and its components for wear and damage.
  - Store the extension tube kits in a safe and secure location, away from children.
  - Report any unsafe products or incidents to the relevant authorities.
  - Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- To ensure safe operation of the MXT Extension Tube Kits, please observe the following precautions:
  - Do not exceed the maximum capacity specified for your extension tube.
  - Always ensure the shotgun is unloaded before installing or removing the extension tube.
  - Avoid using the extension tube in a manner not intended by the manufacturer.
  - Be cautious of the weight added to the shotgun with the extension tube installed.
  - Keep hands and body clear of the muzzle when handling the shotgun.
  - Ensure the extension tube is securely attached before use to prevent accidents.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the MXT Extension Tube Kits:

### Installation Instructions

#### 1. Select the Correct Kit:

- Choose the MXT Extension kit that matches your desired capacity (e.g., +2 to +9 rounds).

#### 2. Prepare the Shotgun:

- Ensure the shotgun is unloaded and pointed in a safe direction.

#### 3. Remove Existing Components:

- If applicable, remove the existing magazine tube and spring from the shotgun.

#### 4. Install the Extension Tube:

- Slide the MXT Extension tube onto the shotgun's magazine tube.
- Ensure the tube is flush against the receiver.

#### 5. Insert the Spring:

- Place the correct length spring into the extension tube.

#### **6. Attach the End Cap:**

- Securely screw on the end cap to hold the spring in place.

#### **7. Check Alignment:**

- Verify that the extension tube is properly aligned and secure.

### **Usage Instructions**

- To use the shotgun with the MXT Extension tube installed:
  - Load the shotgun according to the manufacturer's guidelines.
  - Always ensure the shotgun is pointed in a safe direction when loading and unloading.
  - Practice safe firearm handling at all times.

### **Disposal Instructions**

- Proper disposal of the MXT Extension Tube Kits is important:
  - Do not dispose of the extension tube in regular household waste.
  - Follow local regulations for the disposal of metal and aluminum products.
  - Contact local waste management authorities for guidance on safe disposal methods.

### **Contact Information for Further Support**

- For any inquiries regarding safety, installation, or usage, please refer to the manufacturer's contact information provided with your product packaging. Ensure you have your product details ready for assistance.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and enjoyable experience with your MXT Extension Tube Kits.
