

# 7X57MM MAUSER BRASS CASE - NOSLER 7X57MM MAUSER BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Nosler takes a few extra steps with their brass to make it a premium component for the handloader. The brass is first weigh-sorted to within + or - 0.5 grains, then the flash holes are deburred. Nosler completes the case prep with neck sizing and chamfering the inside and outside of the case mouth. All Nosler unprimed brass bears the Nosler headstamp.

# Safety Instruction Guide for 7X57MM MAUSER BRASS CASE NOSLER

## Introduction

Thank you for choosing the 7X57MM MAUSER BRASS CASE from Nosler. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the brass cases.

## General Safety Guidelines

- Ensure that you are familiar with the safety regulations and legal requirements for handling ammunition and reloading components in your country.
- Always store brass cases in a cool, dry place to prevent corrosion and degradation.
- Keep brass cases out of reach of children and unauthorized individuals.
- Inspect brass cases for any signs of damage or defects before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling brass cases and reloading ammunition.
- Follow safe handling practices to avoid injury or accidents during reloading.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper handling of brass cases can lead to injuries.
- Using damaged or defective brass can result in ammunition failure.

- **Avoiding Hazards:**

- Always check for defects such as cracks or deformities before use.
- Do not exceed the recommended load limits for reloading.
- Ensure that your reloading equipment is in good working condition.
- Never leave reloading equipment unattended while in use.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals who are at least 18 years of age and have the proper knowledge and training in reloading and firearms safety.

## Instructions for Installation and Usage

- **Preparation:**

- Before starting, ensure that you have all necessary tools and equipment for reloading.
- Sort brass cases by weight to ensure consistency in loads. Nosler brass cases are weighsorted to within + or 0.5 grains.

- **Reloading Process:**

1. **Inspect Cases:** Check each brass case for cleanliness and integrity.
2. **Deburring Flash Holes:** Use a deburring tool to ensure that flash holes are free from burrs.
3. **Neck Sizing:** Size the neck of the brass cases for a proper fit in your firearm.
4. **Chamfering:** Chamfer the inside and outside of the case mouth to facilitate bullet seating.

5. **Priming:** Follow the appropriate procedures for priming the cases.
6. **Loading:** Carefully measure and load the appropriate powder and bullet into each case.
7. **Final Inspection:** Inspect the completed cartridges for any defects before storage or use.

- **Storage:**

- Store completed cartridges in a safe, secure location, away from heat and moisture.
  - Keep brass cases and completed ammunition labeled and organized.

## **Disposal Instructions**

- Dispose of used or defective brass cases in accordance with local regulations.
- Do not throw brass cases in regular trash. Check for recycling programs in your area that accept brass.
- Ensure that any hazardous materials from reloading processes are disposed of properly, following local environmental guidelines.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the 7X57MM MAUSER BRASS CASE, please contact your local Nosler representative or authorized dealer.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience with your Nosler brass cases. Thank you for prioritizing safety in your reloading practices.
