

ACCUBOND LONG RANGE 6.5MM (0.264') SPITZER BULLETS - NOSLER 6.5MM (0.264") 129GR SPITZER 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The design of the AccuBond®-LR allows for the highest B.C. possible in a bullet of the same caliber and weight. Designed with an optimum performance window ranging from 3,200fps to 1,300fps, the unique tapered jacket geometry and proprietary bonding process of the AccuBond®-LR allow it to expand rapidly for effective energy transfer and significant tissue damage while retaining sufficient weight to ensure deep penetration into the vitals. The AccuBond® bonding process allows the AccuBond®-LR to perform reliably on game throughout the entire velocity range, eliminating the problem of being “too close” often encountered with other high-B.C. bullets. The high-performance boat tail, long ogive, and polymer tip combine to make the AccuBond®-LR the sleekest, flattest- shooting, bonded, hunting bullet ever created. The ogive of the AccuBond®-LR is designed to provide excellent accuracy in a wide variety of firearms without the necessity of being loaded close to or in contact with the lands. The AccuBond®-LR will be packaged in 100 count boxes, and will initially be available in the following calibers and weights.

Attributes

- Name: [NOSLER 6.5MM \(0.264"\) 129GR SPITZER 100/BOX](#)
- Manufacturer: [NOSLER](#)
- Product no.: 100658091

Safety Instruction Guide for ACCUBOND LONG RANGE 6.5MM (0.264") SPITZER BULLETS

Introduction

Thank you for choosing the ACCUBOND LONG RANGE 6.5MM (0.264") SPITZER BULLETS by Nosler. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Be aware of potential hazards associated with the product, including risks of injury from improper handling or use.
- Always store the product in a secure location, out of reach of children and unauthorized users.
- Regularly check for updates regarding safety recalls or product alerts on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always handle bullets with care, treating them as potentially dangerous items.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling bullets.
- Ensure that the bullets are used only in firearms that are compatible with the specified caliber (6.5mm or 0.264").
- Do not modify the bullets or use them in a manner not intended by the manufacturer.
- Follow all local laws and regulations regarding the purchase, storage, and use of ammunition.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that the firearm is unloaded before attempting to install the bullets.
 - Use a proper reloading press and equipment designed for 6.5mm (0.264") bullets.
 - Follow the reloading manual specific to your firearm and the bullets being used to ensure correct seating depth and powder charge.
- **Usage:**
 - Always ensure that the firearm is pointed in a safe direction when loading and unloading.
 - Use the bullets in accordance with the manufacturer's specifications for optimal performance.
 - Do not exceed the recommended velocity range (3,200fps to 1,300fps) to avoid performance issues.
 - Maintain a safe shooting distance and be aware of your surroundings while shooting.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations regarding hazardous materials.
- Do not throw bullets in regular trash or recycle them without following proper disposal guidelines.
- Contact local authorities or waste management services for information on safe disposal options.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact details provided on the packaging or visit the manufacturer's website.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others is of utmost importance. Please follow all guidelines and precautions to ensure a safe and enjoyable experience with your ACCUBOND LONG RANGE 6.5MM (0.264") SPITZER BULLETS.
