## Tune Your 6.5 Creedmoor Rifle

When it comes to long-range precision shooting, the 6.5 Creedmoor and other 6.5mm bullets have become increasingly popular due to their enhanced ballistic capability and reduced recoil. The Lancer Systems Viper 6.5-caliber Brake further enhances the recoil reduction of this round. The Lancer Systems Viper 6.5-caliber Brake is built using a blast chamber and four jets designed to direct muzzle blast in a direction that reduces the recoil impulse and muzzle rise of the rifle. The jets are located at the top of the brake, giving it the downward force needed to counteract recoil. Available in black-nitride and stainless-steel finishes Fits 5/8x24 TPI threaded muzzles Crush washer included for installation The Lancer Systems Viper 6.5-caliber Brake ships with 6 separate jet nozzles with different-size openings for users to fine-tune the amount of gas used to depress the muzzle during firing.

## Attributes

- Name: [LANCER SYSTEMS VIPER BRAKE 6.5 CALIBER 5/8-24 BLACK](#)
- Manufacturer: [LANCER SYSTEMS](#)
- Product no.: 100659111
- Mfr. No.: LVB-65-BK
- Caliber: 264/6.5 mm (.264)
- Finish: Black
- Material: Steel
- Threads: 5/8-24
- Weapon type: AR .308
- Delivery weight: 0.308kg
- Shipping height: 36mm
- Shipping width: 84mm
- Shipping length: 180mm
- UPC: 738435617868

## SAFETY INSTRUCTION GUIDE

### Introduction

Thank you for choosing the VIPER BRAKE 6.5 CALIBER from Lancer Systems. This product is designed to enhance your shooting experience by reducing recoil and muzzle rise. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

### General Safety Guidelines

- Always treat every firearm as if it were loaded.
- Ensure that you are familiar with the operation of your firearm and its components.
- Use only the recommended caliber and specifications for your firearm.
- Keep the muzzle pointed in a safe direction at all times.
- Wear appropriate safety gear, including eye and ear protection, when using the brake.
- Ensure that the area around you is clear of obstructions and bystanders before firing.
- Regularly inspect the brake for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and modifications.

### Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunction or accidents.
  - Muzzle blast can cause injury if not directed properly.
  - Excessive recoil may lead to loss of control of the firearm.
- **Avoiding Hazards:**
  - Ensure that the brake is installed correctly and securely.
  - Always check the orientation of the jets to direct muzzle blast away from the shooter and bystanders.
  - Finetune the jet nozzles to optimize gas flow during firing.
- **Age or Audience Specific Warnings:**
  - This product is intended for use by individuals who are 18 years of age or older.
  - Keep this product and all firearms out of the reach of children.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the firearm is unloaded before beginning installation.
- Use a crush washer included in the package for proper installation.
- Thread the brake onto the 5/8x24 TPI muzzle of your firearm.
- Tighten securely, ensuring the brake is properly aligned with the jets facing downwards.
- Use a torque wrench to ensure the brake is tightened to the manufacturer's specifications.

#### 2. Usage:

- Before firing, doublecheck that the brake is secure and properly installed.

- Adjust the jet nozzles according to your preference for gas flow.
- Fire the firearm in a safe environment, monitoring for any unusual behavior or performance.
- After use, clean the brake to prevent carbon buildup and maintain performance.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's website or customer service. It is important to have access to support for any questions or concerns you may have.

By following these guidelines, you can ensure a safe and enjoyable experience with your VIPER BRAKE 6.5 CALIBER from Lancer Systems. Always prioritize safety and stay informed about best practices in firearm handling.
