

# 1911 EXOTIC WOOD GRIPS - ARTISAN STOCK AND GUNWORKS INC

## 1911 EXOTIC WOOD GRIP MADE FROM TURKISH WALNUT

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Exotic 1911 Wood Grips fit Government and Commander Single Stack 1911 handguns. Full flat bottoms, with cutout for ambidextrous safeties. Unique, laser cut pattern doesn't mask wood, while providing improved grip. Grips include four (4) nickel plated allen screws. Grips are completely sealed to prevent oil rotting. Exterior finish is polyurethane. Thickness goes up to .300".

# Safety Instruction Guide for 1911 Exotic Wood Grips

## Introduction

Thank you for choosing the 1911 Exotic Wood Grips manufactured by Artisan Stock and Gunworks Inc. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the grips are compatible with your firearm model (Government or Commander Single Stack 1911 handguns).
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the grips and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the grips for any signs of damage or wear. Replace them if any issues are found.
- If you experience any issues with the grips, stop using them immediately and consult a professional.

## Specific Safety Precautions for Use

- Do not expose the grips to extreme temperatures or direct sunlight for prolonged periods, as this may damage the wood and finish.
- Avoid using any harsh chemicals or solvents on the grips, as they may degrade the polyurethane finish.
- Ensure that the grips are securely attached to the firearm before use. Loose grips can compromise safety and performance.
- If you notice any unusual movement or looseness in the grips during use, stop and check the screws for tightness.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction before beginning the installation process.
- Gather the necessary tools: a 1/8" Allen wrench (included with the grips).

### 2. Installation:

- Remove the existing grips from your firearm by unscrewing the screws using the Allen wrench.
- Align the new 1911 Exotic Wood Grips with the grip frame of your firearm.
- Insert the nickelplated Allen screws into the grip holes and tighten them securely, ensuring the grips are firmly attached.
- Do not overtighten, as this may damage the wood.

### 3. Usage:

- Once installed, ensure that the grips are comfortable and provide a secure hold.
- Practice safe firearm handling at all times, maintaining focus and awareness of your surroundings.

### 4. Maintenance:

- Clean the grips regularly with a soft, dry cloth to remove dust and debris.
- Apply a light coat of wood conditioner periodically to maintain the wood's appearance and prevent

drying.

## **Disposal Instructions**

- When disposing of the grips, consider environmentally friendly options.
- Check local regulations for proper disposal methods for wood products.
- If the grips are damaged beyond repair, they should not be used or sold.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of the 1911 Exotic Wood Grips, please refer to the contact information provided with your purchase or on the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of your 1911 Exotic Wood Grips. Thank you for your attention to safety and responsible firearm ownership.
