## A "Third Hand" For Gunsmiths & Hobbyists ... A Wealth of Information Available Nowhere Else

You're going to love this 2nd book in the Gunsmith Kinks® Series! We think it may even be better than Gunsmith Kinks® (which is fantastic!) because it includes so many more Kinks®, so many more "hands-on" cures to shop problems and so many more useful and time-saving jigs, fixtures and drawings. Follows the unprecedented format of Gunsmith Kinks®, bringing together in one book all the Kinks®, shop suggestions, jokes, cartoons and cures to problems that appeared in the Newsletter and all our catalogs, just as they originally appeared during the 14-year span between the first book, Gunsmith Kinks®, and the second book. Plus hundreds of previously unpublished Kinks® that never made the Newsletter due to lack of space. Every one is shop developed - shop proven - written by the men who do the work - and written in the language of the gunsmith. It's amazing just how clever and creative our gunsmithing fraternity really is. Some of the cures are so ingenious you want to bang your head against the wall for not thinking of them yourself! But, with the help of Kinks® II, you have immediate access to solutions that have been figured out in operating gun shops by the gunsmiths doing the work - it's like having your own friendly, confidential adviser sitting right beside you willing to answer any question you might ask - giving workable cures for your problems, because he has already done them himself. Stuff you just won't find anywhere else - like a complete-as-possible interchangeability list of guns from the manufacturers who made "Private Label" guns; a list of modern formulae for all the old chemicals and solutions (like "sweet spirits of nitre" and more); hundreds of quick cures for really impossible repairs; tips on stocking, bluing/plating, drilling, tapping, hunting, reloading; plus loads of info on specific guns, listed and indexed by gun name. A veritable treasure chest to delight and please the gunsmith or hobbyist. 252 detailed photographs and drawings - 504 pages - with 719 separate subject headings. Deluxe, heavy-duty, hardcover, sewn binding. 2400 entry index, cross-indexed with the original Gunsmith Kinks®. Plus, all the jokes the "Newsletter" has become famous for!

Quantity prices available. Please call or write.

# **Safety Instruction Guide for GUNSMITH KINKS®**

## **VOLUME II**

### **Introduction**

Thank you for choosing GUNSMITH KINKS® VOLUME II. This book is designed to provide valuable insights and practical solutions for gunsmithing. To ensure your safety and the effective use of this product, please read this safety instruction guide carefully.

### **General Safety Guidelines**

- Always handle firearms with care and respect. Follow all safety protocols when working with guns.
- Ensure that your workspace is clean, organized, and free from distractions to prevent accidents.
- Keep this book out of reach of children and individuals who may not understand the content.
- Be aware of your surroundings and ensure that all tools and materials are used in a safe manner.
- Report any unsafe conditions or incidents to the appropriate authorities.

### **Specific Safety Precautions for Use**

- When following instructions or using techniques from this book, wear appropriate safety gear, including eye protection and gloves.
- Be cautious when using tools and equipment. Read the manufacturer's instructions for each tool before use.
- Do not attempt repairs or modifications if you are unsure of the process. Seek assistance from a qualified gunsmith if needed.
- Ensure that all firearms are unloaded before performing any work or maintenance.
- If you experience any discomfort or adverse effects while using the methods described, stop immediately and seek professional advice.

### **Instructions for Installation and Usage**

- Before starting any project, review the relevant sections of the book to familiarize yourself with the techniques and tools required.
- Follow the stepbystep instructions provided in the book carefully. Do not skip steps, as each is important for safety and effectiveness.
- Use the index to locate specific topics or issues quickly.
- Keep a notebook handy to jot down any notes or observations as you work through the projects.

### **Disposal Instructions**

- Dispose of any materials used in the projects (such as chemicals, old parts, etc.) according to local regulations.
- Do not dispose of firearms or ammunition in regular trash. Follow local laws for the safe disposal of firearms.
- Recycle any paper or cardboard materials from the book in accordance with local recycling guidelines.

### **Contact Information for Further Support**

For safety inquiries or further assistance regarding the use of this book, please refer to your local authorities or firearms safety organizations.

By following these guidelines, you can ensure a safe and productive experience while using GUNSMITH KINKS® VOLUME II. Thank you for your attention to safety. Happy gunsmithing!
