Introduction

Thank you for choosing the BALLHEX "L" Wrenches SAE BallHex "L" Wrench Set by BONDHUS. This manual provides important safety information and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before using the wrenches.

General Safety Guidelines

- Always use the wrenches for their intended purpose to avoid injury or damage.
- Inspect the wrenches before each use for any signs of wear or damage.
- Ensure that the work area is clean and welllit to prevent accidents.
- Keep the wrenches out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses when using the wrenches.
- If you experience any discomfort or pain while using the wrenches, stop immediately and consult a professional.

Specific Safety Precautions for Use

- When using the ballend of the wrench, ensure that the angle does not exceed 25° to maintain grip and prevent slipping.
- Use the square end of the wrench when more leverage is required to avoid stripping screws or fasteners.
- Do not use the wrenches for applications they are not designed for, such as prying or hammering.
- Avoid using the wrenches in wet or slippery conditions to prevent loss of grip.
- Store the wrenches in the supplied deluxe case to protect them from damage and to keep them organized.

Instructions for Installation and Usage

- **Selecting the Right Size:**
 - Choose the appropriate size wrench from the set according to the fastener you are working with.
- **Using the Wrench:**
 - Insert the ballend of the wrench into the fastener at the correct angle for optimal engagement.
 - If more torque is needed, switch to the square end of the wrench.
- **Removing the Wrench:**
 - Gently pull the wrench straight out from the fastener to avoid damage to both the wrench and the fastener.
- **Cleaning and Maintenance:**
 - After use, wipe the wrenches with a clean, dry cloth to remove any grease or debris.
 - Store the wrenches in a cool, dry place to prevent rust and corrosion.

Disposal Instructions

- Dispose of the wrenches in accordance with local regulations for metal waste.
- If the wrenches are damaged beyond repair, ensure they are disposed of in a way that prevents accidental injury to others.
