BALLHEX "L" WRENCHES Safety Instruction Guide

Introduction

Thank you for choosing the BALLHEX "L" WRENCHES. This guide provides important safety information and instructions to ensure your safe and effective use of this product. Please read this guide carefully before using the wrenches.

General Safety Guidelines

- Always inspect the wrenches before use. Check for any signs of damage or wear.
- Use the correct size wrench for the job to avoid stripping or damaging fasteners.
- Keep the wrenches in the supplied deluxe case when not in use to prevent damage and maintain organization.
- Store the wrenches out of reach of children and pets to prevent accidents.
- Do not use the wrenches for purposes other than those intended, as misuse can lead to injury.
- Ensure that the work area is clean and free of hazards before using the wrenches.

Specific Safety Precautions for Use

- When using the ballend of the wrench, be aware that it can operate at angles up to 25°, making it ideal for tight spaces.
- Use the "square" end of the wrench when more leverage is required to avoid slipping and potential injury.
- Wear appropriate safety gear, such as gloves and safety glasses, to protect against debris and injury.
- Ensure that the fastener is securely held in place before applying torque with the wrench.
- Avoid excessive force, which can lead to tool failure or injury.

Instructions for Installation and Usage

1. Selecting the Right Wrench:

- Choose the appropriate size from the Inch Set or Metric Set.
- Inch Set sizes include: .050", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16".
- Metric Set sizes include: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, and 10mm.

2. Using the Wrench:

- Insert the appropriate end of the wrench into the fastener.
- If using the ballend, position the wrench so that it can operate at an angle if necessary.
- If using the square end, apply steady pressure to turn the fastener.
- If resistance is encountered, do not force the wrench. Instead, check the fit and ensure the fastener is not stripped or damaged.

3. After Use:

- Clean the wrenches after use to remove any debris or grease.
- Return the wrenches to their designated slots in the deluxe case.

Disposal Instructions

- Dispose of any damaged or wornout wrenches in accordance with local regulations.
- Do not dispose of the wrenches in household waste. Check for local recycling programs that accept metal tools.
