

# 12GAUGE EXTENDED TURKEY REM CHOKE TUBES - REM-CHOKE 12 GA EXTENDED TURKEY REMINGTON CHOKE TUBE SS

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

## Withstands Heavy Turkey Shotshells & Gives Tight Patterns

17-4, heat-treated, stainless steel turkey tubes stand up to the heaviest loads and deliver tight, consistent patterns with less fliers. Tubes are knurled on the end for quick installation and removal. Matte blue finish won't give your position away. 12 gauge tubes extend approximately 1" from the end of the barrel, and 20 gauge tubes extend approximately 3/4" from the end of the barrel. For use with lead, copperplated, nickel, Hevi-Shot, buffered lead, and bismuth shot. NOT FOR USE WITH STEEL SHOT.

# Safety Instruction Guide for 12GAUGE EXTENDED TURKEY REM CHOKE TUBES

## Introduction

Thank you for choosing the 12GAUGE EXTENDED TURKEY REM CHOKE TUBES. These choke tubes are designed to enhance your shooting experience by providing tight and consistent patterns. This guide is intended to provide you with essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle choke tubes with care and ensure they are installed correctly before use.
- Use only the specified ammunition types with this product: lead, copperplated, nickel, HeviShot, buffered lead, and bismuth shot.
- **IMPORTANT:** Do not use steel shot with this product as it may cause damage and pose safety risks.
- Keep choke tubes out of reach of children and unauthorized users.
- Regularly inspect choke tubes for any signs of wear or damage before use.
- Report any unsafe products or accidents to authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the shotgun is unloaded before installing or removing choke tubes.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not exceed the recommended load limits for your shotgun when using these choke tubes.
- Be cautious of potential hazards, including ricochets and misfires.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the shotgun is completely unloaded and pointed in a safe direction.
- Locate the choke tube at the end of the barrel.
- Align the choke tube with the threads in the barrel and gently screw it in by hand until it is snug.
- Use a choke wrench if necessary to tighten the choke tube securely, but do not overtighten.

### 2. Usage:

- After installation, check that the choke tube is securely in place before firing.
- Load your shotgun with the appropriate type of ammunition as specified.
- Follow all standard firearm safety practices while shooting.
- After use, allow the barrel and choke tube to cool before handling.

### 3. Removal:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Use a choke wrench to unscrew the choke tube if it is tightly fitted.
- Store the choke tubes in a safe and secure location when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste. Check for local recycling programs or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For further support, please refer to your retailer or manufacturer's website for additional resources and assistance regarding the 12GAUGE EXTENDED TURKEY REM CHOKE TUBES. It is important to have access to accurate information and support for your safety and satisfaction.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the 12GAUGE EXTENDED TURKEY REM CHOKE TUBES responsibly and safely.
