

# 12GA TACTICAL BREECHER WIN-CHOKE CHOKE - CARLSONS WIN-CHOKE 12 GA TACTICAL BREECHER WIN/BROWNING/MOSS 500 BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

## Provides An Extra Wide Shot Pattern; Serrated Tip Aids In Door Breaching

Machined steel, extended tactical choke with large diameter bore provides extra wide patterns at close range for home defense or CQB operations. Features a serrated, saw-tooth tip that holds tight against locks and hinges to prevent the muzzle from sliding during forced entry operation. Twelve, equally spaced ports redirect combustion gases to reduce felt recoil and prevent barrel damage when used for forced entry. Knurled gripping surface makes it easy to install and remove the choke without special tools. Precision machined from 1704 stainless steel for maximum strength, then treated with a manganese phosphate finish for improved wear resistance. Models available for Winchester/Savage/Browning Invector/Weatherby/Mossberg 500, 12 gauge only. Can be used with lead, buckshot, hevishot, or steel shot without damage.

## Attributes

- Name: [CARLSONS WIN-CHOKE 12 GA TACTICAL BREECHER WIN/BROWNING/MOSS 500 BLK](#)
- Manufacturer: [CARLSONS](#)

# Safety Instruction Guide for 12GA Tactical Breecher WinChoke

## Introduction

Thank you for choosing the 12GA Tactical Breecher WinChoke by Carlson's. This product is designed for enhanced performance in home defense and closequarters battle (CQB) operations. It is essential to follow safety guidelines to ensure safe usage and to maximize the effectiveness of this choke tube.

## General Safety Guidelines

- Ensure safe handling of firearms and accessories at all times.
- Always treat firearms as if they are loaded.
- Store the choke and all firearms securely and out of reach of children.
- Familiarize yourself with the specific firearm model and its compatibility with the choke.
- Always wear appropriate eye and ear protection when using firearms.
- Follow all local laws and regulations regarding the use of firearms and choke tubes.
- Regularly inspect the choke for wear and tear before use.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to malfunction or injury.
- Use with incompatible ammunition may damage the choke or firearm.
- Highpressure loads can increase recoil and may affect control.

### • Instructions for Avoiding Hazards:

- Ensure the choke is compatible with your firearm model (e.g., Mossberg, Winchester, Browning).
- Use only recommended ammunition types: lead, buckshot, hevishot, or steel shot.
- Do not exceed the manufacturer's specifications for ammunition.
- Ensure that the choke is securely installed before each use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing choke tube if applicable.
- Clean the threads of the choke and the barrel to ensure a proper fit.
- Align the choke with the barrel threads and handtighten until secure.
- Use the knurled gripping surface for additional grip; no special tools are required.

### 2. Usage:

- Load your firearm with compatible ammunition.
- Aim carefully and ensure a clear line of sight before firing.
- After firing, check the choke for any signs of damage or wear.
- Clean the choke regularly to maintain performance.

## **Disposal Instructions**

- Dispose of the choke tube in accordance with local regulations.
- Do not dispose of in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns, please refer to the product packaging or visit the manufacturer's website for additional support and information.

This guide is designed to ensure the safe and effective use of the 12GA Tactical Breecher WinChoke. Always prioritize safety and be aware of your surroundings when handling firearms. Thank you for your attention to these important safety instructions.
