

BERETTA/BENELLI TACTICAL BREECHER 12 GAUGE CHOKE TUBES - CARLSONS TACT BREECHER 12 GA IMPROVED CYLINDER FOR BERETTA/BENELLI M

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Provides An Extra Wide Shot Pattern; Serrated Tip Aids In Door Breaching

Machined steel, extended tactical choke with large diameter bore provides extra wide patterns at close range for home defense or CQB operations. Features a serrated, saw-tooth tip that holds tight against locks and hinges to prevent the muzzle from sliding during forced entry operation. Twelve, equally spaced ports redirect combustion gases to reduce felt recoil and prevent barrel damage when used for forced entry. Knurled gripping surface makes it easy to install and remove the choke without special tools. Precision machined from 1704 stainless steel for maximum strength, then treated with a manganese phosphate finish for improved wear resistance. Models available for Beretta/Benelli shotguns, 12 gauge only. Can be used with lead, buckshot, hevishot, or steel shot without damage.

Attributes

- Name: [CARLSONS TACT BREECHER 12 GA IMPROVED CYLINDER FOR BERETTA/BENELLI M](#)
- Manufacturer: [CARLSONS](#)
- Product no.: 155000101

Safety Instruction Guide for BERETTA/BENELLI Tactical Breecher 12 Gauge Choke Tubes

Introduction

Thank you for choosing the BERETTA/BENELLI Tactical Breecher 12 Gauge Choke Tubes by CARLSONS. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your choke tubes. Please read this manual thoroughly before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the choke tubes, which are designed for specific firearms. Always follow the manufacturer's instructions.
- **Enhanced Recalls:** Stay informed about product recalls. Check regularly for updates to ensure your product is safe.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** Keep choke tubes out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the appropriate EU contact point.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for alerts regarding unsafe products.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or removing the choke tube.
- Verify that the choke tube is compatible with your specific model of Beretta or Benelli shotgun.
- Avoid using the choke tube with ammunition types that are not recommended (e.g., do not use with steel shot if not specified).
- Inspect the choke tube for any signs of damage or wear before each use.
- Do not exceed the manufacturer's recommended usage limits for the choke tube.
- Use the choke tube only for its intended purpose—home defense or CQB operations.
- Do not attempt to modify the choke tube in any way.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Locate the choke tube threads at the muzzle of the shotgun.
- Align the choke tube with the threads and gently screw it in clockwise until secure. Avoid overtightening.
- Use the knurled gripping surface to help with installation and removal without special tools.

2. Usage:

- After installation, ensure that the choke tube is secure before firing.
- Load the shotgun with appropriate ammunition (lead, buckshot, hevi-shot, or steel shot as specified).
- When firing, maintain a firm grip on the shotgun to manage recoil effectively.

3. Removal:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the knurled gripping surface to unscrew the choke tube counterclockwise.
- Store the choke tube in a safe place when not in use.

Disposal Instructions

- Dispose of the choke tube in accordance with local regulations and guidelines for metal products.
- Do not dispose of the choke tube in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the BERETTA/BENELLI Tactical Breecher 12 Gauge Choke Tubes, please refer to the manufacturer's contact information provided with your product. Always consult the manufacturer's guidelines for the most accurate and up-to-date information regarding safety and usage.

Thank you for your attention to these safety instructions. Enjoy your product responsibly.
