

12GA 3-GUN INVECTOR CHOKE TUBE SET - BROWNELLS 3-GUN EXTENDED CHOKE TUBE SET-WINCHESTER & BROWNING INVECTOR

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Brownells & Carlson's 3-Gun Extended Choke Tubes are designed specifically for use in 3-Gun competitions. This 3-piece choke tube set allows the shooter to select the exact choke tube needed for any stage. Included choke tubes are improved cylinder, light modified, and improved modified ensuring you can quickly take out clay pigeons or knock down that long distance steel target. The three tubes are manufactured from 1704 stainless steel and designed to throw tighter and denser patterns than conventional choke tubes. Each choke tube is knurled on the end to allow for quick and easy removal. Constriction and size are laser marked on the end and body for easy reference. Slugs, sabots, and rifled slugs are not to be used in any choke constriction tighter than Improved Cylinder. Remember to pattern your shotgun choke tube with the specific shot shell load you are going to be using. Different brands of ammunition throw different patterns from the same choke tube. This choke is backed by Brownells & Carlson's lifetime warranty. Choke Tube Sets available for Browning Invector and Winchester 12 Gauge shotguns. Though not likely to be used at 3-Gun events, steel shot may be used through these choke tubes with exceptional results. Do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Full or Extra Full Constrictions.

Safety Instruction Guide for 12GA 3GUN INVECTOR CHOKE TUBE SET

Introduction

Thank you for choosing the 12GA 3GUN INVECTOR CHOKE TUBE SET. This product is designed for use in 3Gun competitions and is manufactured from highquality materials to ensure durability and performance. To ensure your safety and the safety of others, please read this guide carefully before using the product.

General Safety Guidelines

- Always handle firearms and accessories with care and in accordance with local laws and regulations.
- Ensure that the choke tubes are compatible with your shotgun model (Browning Invector and Winchester 12 Gauge).
- Inspect the choke tubes for any signs of damage or wear before each use.
- Follow all manufacturer instructions for installation, usage, and maintenance.
- Keep the choke tubes and any firearms out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use slugs, sabots, or rifled slugs in any choke constriction tighter than Improved Cylinder.
- Steel shot may be used, but do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Full or Extra Full Constrictions.
- Always pattern your shotgun choke tube with the specific shot shell load you plan to use, as different brands of ammunition can produce varying patterns.
- Ensure that the choke tubes are securely installed before firing.
- If you experience any unusual performance, stop using the product immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation of Choke Tubes:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Using the provided knurled end, carefully unscrew the existing choke tube from the shotgun barrel.
- Select the desired choke tube from the set (Improved Cylinder, Light Modified, or Improved Modified).
- Align the choke tube with the threads in the shotgun barrel and screw it in by hand until snug.
- Use a wrench if necessary, but do not overtighten.

2. Usage:

- Load your shotgun with the appropriate ammunition for the selected choke tube.
- Always keep the muzzle pointed in a safe direction when loading and unloading.
- Follow all safety protocols for handling firearms during use.
- After use, allow the shotgun and choke tubes to cool before handling.

3. PostUse Maintenance:

- Clean the choke tubes regularly to prevent buildup of residue.
- Inspect the choke tubes for any signs of damage or wear after each use.

- Store the choke tubes in a cool, dry place away from moisture.

Disposal Instructions

- Dispose of any damaged or worn choke tubes and accessories in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste.
- Contact your local waste management facility for proper disposal guidelines.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the 12GA 3GUN INVECTOR CHOKE TUBE SET, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience with your 12GA 3GUN INVECTOR CHOKE TUBE SET. Thank you for prioritizing safety and responsible usage.
