Brownells & Carlson's 3-Gun Extended Choke Tubes are designed specifically for use in 3-Gun competitions. This 3-piece choke tube set allows the shooter to select the exact choke tube needed for any stage. Included choke tubes are Full, Improved Cylinder & Modified, ensuring you can quickly take out clay pigeons or knock down that long distance steel target. The three tubes are manufactured from 1704 stainless steel and designed to throw tighter and denser patterns than conventional choke tubes. Each choke tube is knurled on the end to allow for quick and easy removal. Constriction and size are laser marked on the end and body for easy reference. Slugs, sabots, and rifled slugs are not to be used in any choke constriction tighter than Improved Cylinder. Remember to pattern your shotgun choke tube with the specific shot shell load you are going to be using. Different brands of ammunition throw different patterns from the same choke tube. This choke is backed by Brownells & Carlson's lifetime warranty. Choke Tube Sets available for Remington 12 Gauge shotguns. Though not likely to be used at 3-Gun events, steel shot may be used through these choke tubes with exceptional results. Do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Full or Extra Full Constrictions.

# Safety Instruction Guide for 12GA 3GUN REM CHOKE CHOKE TUBE SET

## Introduction

Thank you for choosing the 12GA 3GUN REM CHOKE CHOKE TUBE SET by Brownells. This product is designed for use in 3Gun competitions and offers a range of choke tubes to enhance your shooting experience. The following safety instructions are provided to ensure your safe and effective use of this product.

## General Safety Guidelines

- Always handle firearms and ammunition with care and responsibility.
- Read and understand the instruction manual before using the choke tube set.
- Ensure that the shotgun is unloaded before installing or removing choke tubes.
- Use only the recommended ammunition and choke tubes for your shotgun.
- Keep the choke tubes and shotgun out of reach of children and unauthorized users.
- Regularly inspect your choke tubes for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not use slugs, sabots, or rifled slugs in any choke constriction tighter than Improved Cylinder.
- Avoid using steel shot larger than BB or any steel load faster than 1550 FPS through the Full or Extra Full constrictions.
- Always pattern your shotgun choke tube with the specific shot shell load you intend to use, as different brands of ammunition may produce varying patterns.
- Ensure that the choke tube is securely fastened before firing.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### 1. Installation of Choke Tubes:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Locate the choke tube at the muzzle end of the shotgun barrel.
- Use the knurled end of the choke tube to handtighten it into the barrel until secure.
- Do not overtighten, as this may cause damage to the threads.

### 2. Usage:

- Select the appropriate choke tube based on your shooting needs (Full, Modified, Improved Cylinder).
- Load the shotgun with the appropriate ammunition for the selected choke tube.
- Aim at the target and ensure a proper shooting stance.
- Fire the shotgun while maintaining control and awareness of your surroundings.

### 3. Removal of Choke Tubes:

- After use, allow the shotgun to cool down if it has been fired.
- Ensure the shotgun is unloaded and pointed in a safe direction.
- Grip the knurled end of the choke tube and turn it counterclockwise to remove it from the barrel.
- Store the choke tubes in a safe and dry location.

## **Disposal Instructions**

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste.
- Contact local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 12GA 3GUN REM CHOKE CHOKE TUBE SET, please consult the product documentation or contact the manufacturer directly. Always keep this safety instruction guide for future reference.

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your 12GA 3GUN REM CHOKE CHOKE TUBE SET.
