

REMINGTON 12GA PORTED BUCKSHOT CHOKE TUBES - CARLSONS PORTED BUCKSHOT 12 GA REMINGTON BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

The Remington ported buckshot choke tube is designed to give you tight patterns downrange with 00 & 000 buckshot. This choke is ported to reduce recoil and muzzle jump that tend to go hand in hand with these large loads. This choke features a constriction designed specifically to optimize patterns with large and small loads alike. This choke will extend about 1" out of the barrel and has a black finish. Machined out of 17-4 heat treated material this choke can be used with Lead, Steel, and Hevi-Shot loads. This choke cannot be used with any Steel Shot larger than BB or with any Steel shot faster than 1550 FPS.

REMINGTON 12GA PORTED BUCKSHOT CHOKE TUBES SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Remington 12GA Ported Buckshot Choke Tube. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that the choke tube is properly installed and secured before use.
- Use only recommended ammunition types as specified in the product description.
- Avoid using the choke with steel shot larger than BB or faster than 1550 FPS.
- Regularly inspect the choke tube for signs of wear or damage.
- Keep the choke tube and firearms out of reach of children and unauthorized users.
- In case of any malfunction or unexpected behavior during use, cease operation immediately and consult a professional.

Specific Safety Precautions for Use

- The choke tube is designed specifically for 12 gauge shotguns. Do not use it with other gauges.
- Always wear appropriate eye and ear protection when using firearms equipped with this choke tube.
- Be aware of your surroundings and ensure that you have a safe shooting area.
- Avoid shooting at hard surfaces or water, as this can cause ricochet.
- Do not modify the choke tube in any way, as this can compromise safety and performance.
- Be cautious of recoil and muzzle jump, especially when using large loads.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Using a choke wrench, unscrew the existing choke tube from the barrel.
- Take the Remington ported buckshot choke tube and align it with the threads in the barrel.
- Screw the choke tube in by hand until it is snug, then use the choke wrench to tighten it further (do not overtighten).
- Check that the choke tube is securely installed before use.

2. Usage:

- Load the shotgun with approved ammunition (00 & 000 buckshot recommended).
- Aim at your target while ensuring a safe backstop.
- Fire the shotgun while maintaining a firm grip and stance to manage recoil.
- After use, unload the shotgun and remove the choke tube for cleaning if necessary.

3. Cleaning and Maintenance:

- Regularly clean the choke tube with a soft cloth to remove any debris or residue.
- Inspect the choke tube for any signs of damage or wear before each use.
- If damaged, do not use the choke tube and replace it immediately.

Disposal Instructions

- Dispose of the choke tube in accordance with local regulations.
- Do not throw away with regular household waste.
- If the choke tube is damaged or no longer usable, consider recycling it where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Remington 12GA Ported Buckshot Choke Tube, please refer to your local retailer or manufacturer's customer service. Ensure you have the product details available for quicker assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Remington 12GA Ported Buckshot Choke Tube. Always prioritize safety and compliance with local regulations while using this product. Thank you for your attention to these important safety guidelines.
