

BERETTA/BENELLI MOBIL 12GA PORTED BUCKSHOT CHOKE TUBES - CARLSONS MOBIL 12GA PORTED BUCKSHOT BERETTA/BENELLI BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

The Beretta/Benelli ported buckshot choke tube is designed to give you tight patterns downrange with 00 & 000 buckshot. This choke is ported to reduce recoil and muzzle jump that tend to go hand in hand with these large loads. This choke features a constriction designed specifically to optimize patterns with large and small loads alike. This choke will extend about 1" out of the barrel and has a black finish. Machined out of 17-4 heat treated material this choke can be used with Lead, Steel, and Hevi-Shot loads. This choke cannot be used with any Steel Shot larger than BB or with any Steel shot faster than 1550 FPS.

Safety Instruction Guide for BERETTA/BENELLI MOBIL 12GA PORTED BUCKSHOT CHOKE TUBES

Introduction

Thank you for choosing the Beretta/Benelli Mobil 12GA Ported Buckshot Choke Tubes by Carlsons. This product is designed to enhance your shooting experience by providing tight patterns and reducing recoil. It is important to follow safety guidelines and instructions to ensure safe use and optimal performance.

General Safety Guidelines

- Ensure that the choke tube is compatible with your shotgun model before installation.
- Always handle firearms and accessories with care and keep them pointed in a safe direction.
- Make sure to wear appropriate eye and ear protection when using firearms.
- Regularly inspect your choke tubes for signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use this choke tube with Steel Shot larger than BB or with any Steel shot faster than 1550 FPS.
- Avoid using the choke tube with loads that exceed the manufacturer's specifications.
- Keep the choke tube clean and free from obstructions to prevent malfunctions.
- Ensure that the shotgun is unloaded when installing or removing the choke tube.
- Always follow the manufacturer's instructions for loading and firing your shotgun.

Instructions for Installation and Usage

Installation

1. Ensure the shotgun is completely unloaded.
2. Use a choke tube wrench to remove the current choke tube from the shotgun barrel.
3. Clean the threads of the choke tube and the barrel to remove any debris.
4. Align the new choke tube with the threads in the barrel.
5. Handtighten the choke tube until snug, then use the wrench to secure it further without overtightening.
6. Verify that the choke tube is properly installed and secure before use.

Usage

- Load your shotgun according to the manufacturer's instructions.
- When firing, maintain a firm grip on the shotgun and aim carefully.
- Be aware of your surroundings and ensure a safe shooting environment.
- After use, clean the choke tube according to the manufacturer's recommendations to maintain performance.

Disposal Instructions

- Dispose of the choke tube according to local regulations for metal waste.
- Do not throw the choke tube in regular trash; check for recycling options in your area.
- Ensure that all components are disposed of safely and responsibly.

Contact Information for Further Support

For any questions or concerns regarding the Beretta/Benelli Mobil 12GA Ported Buckshot Choke Tubes, please refer to the manufacturer's customer service or support resources.
