Safety Instruction Guide for 12GAUGE TRUCHOKE THINWALL CHOKE TUBES

Introduction

Thank you for purchasing the 12GAUGE TRUCHOKE THINWALL CHOKE TUBES. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before using the choke tubes to familiarize yourself with safety practices and operational guidelines.

General Safety Guidelines

- Always handle choke tubes with care to prevent injury.
- Ensure that the shotgun is unloaded before installing or removing choke tubes.
- Use only compatible shotguns with the specified thread sizes to avoid accidents.
- Check for any visible damage or defects before use. Do not use damaged choke tubes.
- Follow all local laws and regulations regarding the use of shotguns and choke tubes.
- Keep choke tubes out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Use TruChoke Thinwall tubes only with 2 $\frac{3}{4}$ " Lead Shot loads.
- Avoid using XFull and Turkey constrictions with anything other than Lead and HeviShot.
- Do not exceed the recommended load specifications for your shotgun and choke tube combination.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect your shotgun and choke tubes for any signs of wear or damage.

Instructions for Installation and Usage

1. Installation of Choke Tubes:

- Ensure the shotgun is pointed in a safe direction and is unloaded.
- Using a choke tube wrench, carefully unscrew the existing choke tube from the shotgun barrel.
- Align the TruChoke Thinwall tube with the threads of the shotgun barrel.
- Handtighten the choke tube until secure, then use the wrench to tighten it slightly (do not overtighten).

2. Usage of Choke Tubes:

- Load the shotgun with the appropriate ammunition (2 $\frac{3}{4}$ " Lead Shot for TruChoke Thinwall).
- Ensure the shotgun is properly shouldered and aimed at the target.
- Follow standard shooting practices and maintain control of the firearm at all times.

3. Removal of Choke Tubes:

- After use, ensure the shotgun is unloaded and pointed in a safe direction.
- Using the choke tube wrench, carefully unscrew the choke tube from the shotgun barrel.
- Store the choke tube in a safe place, away from children and pets.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not throw choke tubes in regular household waste. Check with local authorities for proper disposal

methods.

Contact Information for Further Support

For safety inquiries or further assistance regarding the 12GAUGE TRUCHOKE THINWALL CHOKE TUBES, please reach out to the appropriate EU contact point for product safety inquiries.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and enjoyable shooting experience with your 12GAUGE TRUCHOKE THINWALL CHOKE TUBES. Always prioritize safety and adhere to local laws when using this product. Thank you for your attention to these important safety practices.
