Consumer Safety Instruction Guide for 12GAUGE TRUCHOKE THINWALL CHOKE TUBES

Introduction

Thank you for choosing the 12GAUGE TRUCHOKE THINWALL CHOKE TUBES. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all sections carefully to minimize risks and ensure a safe experience.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the choke tubes by following all provided instructions. This product is designed for use with compatible shotguns.
- **Enhanced Recalls:** Stay informed about any product recalls. If a recall occurs, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety regulations. Confirm that the product meets EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, you may contact the relevant authorities in your country.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the choke tubes are compatible with your shotgun model. Refer to the specifications for details on compatible models.
- **Load Type:** Use only the recommended shot loads. TruChoke Thinwall tubes are specifically designed for 2 $\frac{3}{4}$ " Lead Shot loads ONLY.
- **Constriction Awareness:** Be aware that XFull and Turkey constrictions are ONLY for use with Lead and HeviShot.
- **Inspection:** Regularly inspect the choke tubes for signs of wear or damage. Replace any damaged tubes immediately to avoid accidents.
- **Secure Fit:** Ensure that the choke tube is securely fitted to the shotgun before use. A loose choke can cause malfunctions or accidents.
- **Proper Handling:** Always handle your shotgun and choke tubes with care. Treat all firearms as if they are loaded.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Remove any existing choke tube from the shotgun's barrel.
- Select the appropriate TruChoke Thinwall tube for your shotgun.
- Screw the choke tube into the barrel, turning it clockwise until it is fully seated. Do not overtighten.
- Check that the choke is secure before proceeding.

2. Usage:

- Load the shotgun with the recommended shot load.
- Always verify that the shotgun is in safe working condition before firing.
- Follow all standard safety protocols when handling and firing the shotgun.

3. **PostUse:**

- After use, clean the choke tubes and shotgun according to the manufacturer's instructions.
- Store the choke tubes in a safe, dry place away from children.

Disposal Instructions

- Dispose of the choke tubes in accordance with local regulations.
- Do not dispose of in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer or your local authority for guidance.
