## Strong & Compact; Makes The Perfect Pack Gun

Tough, Zytel folding stock makes your lightweight T/C rifle into a remarkably compact unit that fits in a backpack or behind the seat of your truck. Solid steel, one-piece mount and locking hinge eliminate the “sloppy” fit and game-spooking rattles caused by flimsy, plastic parts. Contoured pistol grip helps you hold extra steady when shooting at long distances. Pivoting buttstock locks securely into the shooting position and folds out of the way by pushing down and swinging it to the right. Thick, 1”, rubber pad takes the punishment out heavy recoil for more enjoyable shooting. Contender includes fixed, sling loops at grip and tang area to accommodate over-the-shoulder, behind the back, and ready-carry positions, plus a checkered, non-slip pistol grip.

**NOTE: All BAFTE regulations must be complied with when using this stock.**
