COBRA/PYTHON FRONT SIGHTS - COLT COBRA/PYTHON TRITIUM FRONT SIGHT

Eye-Catching Front Sights Are Easy To See in Low Light

These original Colt factory replacement Cobra Front Sights bring modern low-light sighting technology to Colt's new revolver. They are correct replacement for damaged front fiber optic or Tritium sights OR excellent upgrades if your Cobra came out of the box with a plain "iron" front sight. The Fiber Optic Front Sight's open top lets its red fiber optic rod gather and concentrate available ambient light, so the sight appears to glow and naturally attracts your eye. The self-illuminating Tritium in the Tritium Night Sight's insert produces a soft glow to help you achieve a quick sight picture in really low light, while the eye-catching white ring around the insert attracts the eye in daylight. With either sight, the result is you pick up the sight faster and get it on the target faster for improved shooting performance almost any lighting conditions. Genuine Colt factory part DOES FIT NEW MODEL COLT PYTHON Bright RED fiber optic rod Fits Cobra revolver front sight dovetail Rugged steel sight housing with rich blued finish Front sight ONLY Much to the joy of Colt fans all over the world, the Cobra represents the company's long-awaited return to series revolver production. But preferring a classic wheelgun as your go-to sidearm doesn't mean you have to settle for a traditional plain black front sight. Get your Colt Cobra a genuine factory replacement front Fiber Optic or Tritium sight, and update your revolver to 21st century capabilities.

COBRA/PYTHON FRONT SIGHTS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the COBRA/PYTHON Front Sights for your Colt Cobra or Python revolver. This guide provides essential safety instructions and guidelines to ensure the proper use and maintenance of your new front sights. Please read this document carefully to understand how to safely install and use your product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a front sight for Colt Cobra and Python revolvers.
- Always handle your revolver and its components safely, treating every firearm as if it is loaded.
- Keep the product out of reach of children and unauthorized users.
- Inspect the front sights regularly for any signs of damage or wear. Do not use if damaged.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- When installing or adjusting the front sight, ensure the revolver is unloaded.
- Avoid using excessive force when installing the front sight to prevent damage.
- Use the correct tools as specified in the installation instructions to avoid injuries or product damage.
- If using Tritium sights, be aware that Tritium is a radioactive material. Handle with care and do not attempt to disassemble the sight.
- Do not expose the sights to extreme temperatures or harsh chemicals that may affect their performance.

Instructions for Installation and Usage

1. **Preparation**

   - Ensure the revolver is unloaded and pointed in a safe direction.
   - Gather necessary tools: a small screwdriver and any other required tools as per the manufacturer's instructions.

2. **Installation Steps**

   - Remove the existing front sight from the revolver by loosening the screws or using the appropriate method for your model.
   - Align the new COBRA/PYTHON Front Sight with the dovetail on the revolver.
   - Secure the sight in place using the screws provided. Ensure it is tight but do not overtighten, as this may cause damage.
   - Check the alignment of the sight to ensure it is level and properly positioned.

3. **Usage Tips**

   - Familiarize yourself with the sight picture and how the Fiber Optic or Tritium works in different lighting conditions.
   - Practice aiming and shooting in various light settings to become accustomed to the sight.
   - Regularly clean the sight to ensure optimal performance and visibility.

Disposal Instructions

- Dispose of any damaged or broken parts according to local regulations for hazardous waste, especially if the Tritium sight is damaged.
- Do not throw away the front sight in regular household waste. Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support regarding your COBRA/PYTHON Front Sights, please reach out to your local Colt dealer or authorized service center.

By following these guidelines, you can ensure the safe and effective use of your COBRA/PYTHON Front Sights. Stay safe and enjoy your shooting experience!
