# Safety Instruction Guide for the 1911 High Capacity Beavertail Grip Safety

## Introduction

Thank you for choosing the 1911 High Capacity Beavertail Grip Safety. This product is designed to enhance the safety and functionality of your Caspian HiCapacity 1911 grip frame. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure proper handling and storage of the grip safety to prevent accidental discharge or injury.
- Always treat your firearm as if it is loaded, even when you believe it to be unloaded.
- Keep the grip safety and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the grip safety for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the grip safety with a compatible Caspian HiCapacity 1911 grip frame.
- Ensure that the grip safety is properly fitted and secured before using your firearm.
- Avoid using the firearm in wet or damp conditions, as moisture can affect the grip safety's functionality.
- Be cautious when handling the firearm, especially when loading or unloading, to prevent accidental discharge.
- If you experience any malfunction or failure of the grip safety, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver and any other required equipment.
2. **Remove Existing Safety:** If applicable, carefully remove the existing grip safety from your Caspian HiCapacity 1911 grip frame.
3. **Fit the New Grip Safety:** Align the new grip safety with the mounting points on the grip frame. Ensure it is positioned correctly.
4. **Secure the Grip Safety:** Use the appropriate screws to secure the grip safety in place. Do not overtighten, as this may damage the component.
5. **Check Functionality:** After installation, check that the grip safety operates correctly by pressing it and ensuring it disengages the trigger.

### Usage

- Always ensure that the grip safety is engaged when handling the firearm.
- Familiarize yourself with the operation of the grip safety and how it interacts with the trigger mechanism.
- Practice safe handling and shooting techniques to become proficient in using the firearm equipped with the grip safety.

## Disposal Instructions

- Dispose of any damaged or nonfunctional grip safety components responsibly.
- Follow local regulations for the disposal of firearm parts and materials.

- If in doubt, consult a local authority or professional for guidance on safe disposal practices.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 High Capacity Beavertail Grip Safety, please reach out to your local authorized dealer or manufacturer. Ensure you have your product details available for assistance.

By following these guidelines, you can help ensure a safe and enjoyable experience with your 1911 High Capacity Beavertail Grip Safety. Thank you for prioritizing safety and compliance.
