To ensure your safety and the effective use of this tool, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that all tools are used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using this tool.
- Keep the work area clean and welllit to prevent accidents.
- Store the tool in a safe place, out of reach of children and pets.
- Regularly inspect the tool for any signs of damage or wear before use.
- Do not use the tool if it is damaged or malfunctioning.

Specific Safety Precautions for Use

- Use the reamer only for its intended purpose: to ream chokes for firearms.
- Avoid using excessive force when operating the reamer to prevent breakage or injury.
- Ensure that the barrel or component being worked on is securely held in place before reaming.
- Be aware of your surroundings and ensure that no one is in close proximity while using the tool.
- Do not modify the tool in any way, as this may compromise its safety and effectiveness.
- If you experience any discomfort or unusual resistance while using the tool, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment.
- Ensure the work area is clean and wellorganized.

2. Installation:

- Select the appropriate reamer (A or B) based on the gauge you are working with.
- Insert the reamer into the drill or hand tool securely.
- Check that the reamer is properly aligned with the barrel or component.

3. Usage:

- Begin reaming at a low speed to ensure control and precision.
- Gradually increase the speed as needed, maintaining a steady hand.
- Monitor the progress of the reaming process closely to ensure a clean and controlled cut.
- Once the desired depth is reached, stop the tool and carefully remove the reamer.

4. PostUse:

- Clean the reamer and any debris from the work area.
- Store the tool in its designated place to prevent damage.

Disposal Instructions

- Dispose of any worn or damaged tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Check for designated recycling facilities or hazardous waste disposal services in your area.
