

# GO HEADSPACE GAUGES - CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER GO HEADSPACE GAUGES The Clymer Go Headspace Gauges are precision tools designed to assist gunsmiths and firearm enthusiasts in verifying the minimum safe chamber dimensions of rifles and shotguns. Proper headspace is crucial for ensuring that a firearm can chamber and fire a cartridge safely, preventing potential malfunctions or safety hazards. These gauges are essential when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers meet minimum safe dimensions, enhancing both safety and performance.

## Attributes

- Name: [CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184000033
- Mfr. No.: GO204RUGER
- Cartridge: 204 Ruger
- Colour: Steel
- Height: 0.355"
- Length: 1.686"
- Material: Steel
- Model Number: 204 Ruger Go
- Style: Go Gauge
- Weight: 0.1 lbs
- Width: 0.355"
- Delivery weight: 0.005kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# Safety Instruction Guide for HEADSPACE GAUGES GO CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL

## Introduction

Thank you for choosing the HEADSPACE GAUGES GO CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL. This product is designed to accurately measure and test the length of the chamber in your rifle, ensuring safe and reliable operation. Please read this safety instruction guide carefully to ensure proper use and to maintain the highest safety standards.

## General Safety Guidelines

- Always check the headspace of your firearm before firing, especially when using a used gun.
- Ensure that the gauge is compatible with the specific caliber of your firearm.
- Store the gauge in a safe and secure location when not in use to prevent damage or misuse.
- Inspect the gauge for any signs of wear or damage before each use. Do not use a damaged gauge.
- Follow all firearm safety rules and guidelines when using this product.

## Specific Safety Precautions for Use

- Use the gauge only for its intended purpose: measuring the headspace of firearms.
- Do not attempt to modify or alter the gauge in any way.
- Keep the gauge out of reach of children and unauthorized users.
- When chambering a new barrel, ensure that the gauge is inserted properly to avoid mismeasurement.
- If you are unsure about the proper use of the gauge, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and equipment for the measurement process.

### 2. Using the Gauge:

- Insert the GO gauge into the chamber of the firearm.
- If the gauge fits and closes the bolt fully, the headspace is within acceptable limits.
- If the gauge does not fit or the bolt does not close, the headspace is excessive, and further evaluation is required.

### 3. Post Use:

- Remove the gauge from the chamber after use.
- Clean the gauge with a soft cloth to remove any debris or residue.
- Store the gauge in its protective case or designated storage area.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations.
- Do not dispose of the gauge in regular household waste if it is damaged or no longer usable. Check for any specific disposal guidelines for metal products in your area.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the use of the HEADSPACE GAUGES GO CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL, please reach out to your local distributor or manufacturer. They can provide you with assistance and any additional information you may need.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your HEADSPACE GAUGES GO CLYMER 204 RUGER GO GAUGE HEADSPACE GAUGE STEEL. Always prioritize safety and consult with professionals when in doubt. Thank you for your commitment to safe firearm practices.
