

NO-GO HEADSPACE GAUGES - NO GO 204 RUGER HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [NO GO 204 RUGER HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184000034
- Mfr. No.: NG204RUGER
- Cartridge: 204 Ruger
- Color: Steel
- Height: 0.355"
- Length: 1.686"
- Material: Steel
- Model Number: NO GO 204 Ruger
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.355"
- Delivery weight: 0.023kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

Clymer NoGo Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauge. This precision tool is designed to assist gunsmiths and firearm enthusiasts in verifying that a firearm's chamber does not exceed maximum safe headspace dimensions. Proper use of this gauge is essential for maintaining firearm safety and performance. Please read this safety instruction guide carefully to ensure safe usage.

General Safety Guidelines

- Always use the Clymer NoGo Headspace Gauge in accordance with the manufacturer's instructions.
- Ensure the gauge is suitable for the specific caliber of your firearm.
- Regularly inspect the gauge for signs of wear or damage before each use.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls or safety notices via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the gauge if it shows signs of damage or wear.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when working with firearms.
- Ensure the firearm is unloaded before using the gauge.
- Use the gauge in a welllit and organized workspace to prevent accidents.
- Handle the gauge with care to avoid dropping or damaging it.
- Follow all local laws and regulations regarding the use of firearms and related equipment.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools and the Clymer NoGo Headspace Gauge.

2. Using the Gauge

- Insert the NoGo Gauge into the firearm's chamber.
- Attempt to close the bolt on the gauge.
- If the bolt closes fully, the headspace is excessive, and the firearm should not be used until corrected.
- If the bolt does not close, the headspace is within safe limits.

3. PostUse Care

- Clean the gauge after each use to remove any residue or debris.
- Store the gauge in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Clymer NoGo Headspace Gauge in accordance with local regulations for metal waste.
- Do not discard in regular household waste; instead, consider recycling options if available.

Contact Information for Further Support

For any inquiries or further support, please refer to the manufacturer's contact details provided with the product packaging. Ensure you have the product's model number and any relevant information ready when seeking assistance.

By adhering to these guidelines, you can ensure the safe and effective use of the Clymer NoGo Headspace Gauge. Thank you for prioritizing safety in your firearms practices.
