Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

GO/NOGO Gauge Sets Safety Instruction Guide

Introduction

Thank you for choosing the CLYMER 308 Winchester Headspace Gauge Kit. This guide provides essential safety instructions to ensure the safe and effective use of your gauge set. Please read this manual carefully before using the product to understand its proper use and safety precautions.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to check the headspace of 308 Winchester chambers.
- Always handle the gauges with care to avoid damage and ensure accurate measurements.
- Keep the gauge set out of reach of children and individuals who may not understand its purpose or how to use it safely.
- Regularly inspect the gauges for any signs of wear or damage before use. Do not use damaged gauges.
- Follow all local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the gauge set.
- Ensure the firearm is unloaded and pointed in a safe direction before using the gauges.
- Do not attempt to use the gauges on a firearm that has not been verified as compatible with the 308 Winchester cartridge.
- If unsure about the measurement process, seek assistance from a qualified gunsmith or firearms expert.
- Store the gauge set in its durable plastic carrying case when not in use to protect it from damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure you are in a welllit and safe environment.
- Gather all necessary tools and the gauge set.

2. Using the Go Gauge:

- Insert the Go gauge into the chamber of the firearm.
- The gauge should fit easily. If it does not, do not force it.
- If the Go gauge fits, the chamber is within acceptable specifications.

3. Using the NoGo Gauge:

- Remove the Go gauge and insert the NoGo gauge into the chamber.
- The NoGo gauge should not fit into the chamber. If it does fit, the chamber may be too long, and further inspection is required.

4. PostUse:

- After checking, remove the gauges and store them in the carrying case.
- Clean any debris or residue from the gauges before storage.

Disposal Instructions

- Dispose of the gauge set responsibly. If the gauges are damaged or no longer usable, follow local

regulations for disposing of metal products.

- Do not throw the gauges in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the CLYMER 308 Winchester Headspace Gauge Kit, please refer to the product packaging or visit the manufacturer's website for additional support and resources.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearms are of utmost importance.
