Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

GO/NOGO GAUGE SETS CLYMER 45 ACP HEADSPACE GAUGE KIT STEEL Safety Instruction Guide

Introduction

Thank you for purchasing the GO/NOGO Gauge Sets Clymer 45 ACP Headspace Gauge Kit Steel. This guide provides essential safety information and instructions to ensure the safe and effective use of your gauge kit. Please read and follow these guidelines carefully to avoid any risks associated with improper use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the gauge kit.
- Always handle the gauge kit with care to prevent damage or injury.
- Use the gauge kit only for its intended purpose, which is to check the headspace of barrels chambered for .45 ACP.
- Keep the gauge kit out of reach of children and unauthorized users.
- Regularly inspect the gauges for wear or damage before each use.
- Always follow local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- Before using the gauges, ensure that the firearm is unloaded and pointed in a safe direction.
- Do not use the gauges if they show signs of damage or wear.
- When measuring headspace, ensure that the gauge is seated properly in the chamber.
- Avoid excessive force when inserting or removing the gauges from the chamber.
- If the Go gauge fails to fit, do not use the barrel. If the NoGo gauge fits, do not use the barrel.
- Store the gauges in the provided carrying case to prevent damage.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and in a safe condition.
- Gather the gauge kit and the necessary tools for your inspection.

2. Using the Go Gauge

- Insert the Go gauge into the chamber of the barrel.
- Ensure that it seats fully without resistance.
- If the Go gauge fits, the headspace is acceptable.

3. Using the NoGo Gauge

- Remove the Go gauge and insert the NoGo gauge into the chamber.
- Ensure that it seats fully.
- If the NoGo gauge fits, the headspace is too long, and the barrel should not be used.

4. PostUse Care

- Clean the gauges after use to remove any residue or debris.
- Store the gauges in the provided carrying case to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn gauges according to local regulations.
- Do not throw the gauges into regular trash. Check with local recycling programs for proper disposal methods.
- Ensure that all components are disposed of in a manner that does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the GO/NOGO Gauge Sets Clymer 45 ACP Headspace Gauge Kit Steel, please refer to the manufacturer's contact information included with your product.

Thank you for prioritizing safety while using your gauge kit. By following these guidelines, you can ensure a safe and successful experience.
