Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

GO/NOGO Gauge Sets Clymer 9mm Luger Headspace Gauge Kit Safety Instructions

Introduction

Thank you for choosing the GO/NOGO Gauge Sets Clymer 9mm Luger Headspace Gauge Kit. This kit is designed to help you accurately check the chamber length of your firearm to ensure it meets SAAMI specifications. Proper use of these gauges is essential for maintaining safety and performance when chambering a new barrel. Please read this safety instruction guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only by individuals who are knowledgeable about firearms and their components.
- Always handle firearms and associated tools with care to prevent accidents.
- Keep the gauges away from children and unauthorized users.
- Regularly inspect the gauges for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the gauges.
- Do not use the gauges in a manner other than intended; they are specifically designed for checking headspace.
- Ensure the firearm is unloaded and safe before using the gauges.
- Never force the gauges into the chamber; if resistance is felt, stop and assess the situation.
- Store the gauges in their carrying case when not in use to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather your GO/NOGO Gauge Set and any necessary tools.

2. Using the Go Gauge:

- Insert the Go gauge into the chamber of your firearm.
- The gauge should fit smoothly without any resistance. If it does not, do not proceed; consult a qualified gunsmith.

3. Using the NoGo Gauge:

- After confirming the Go gauge fits, remove it and insert the NoGo gauge.
- The NoGo gauge should not fit into the chamber. If it does, the headspace is too long, and the firearm should not be used until corrected.

4. After Use:

- Clean the gauges with a soft, dry cloth to remove any debris or moisture.
- Store the gauges in the provided plastic carrying case to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn gauges responsibly according to local regulations.
- Do not throw away the gauges in regular trash if they are still functional; consider recycling options if available.

Contact Information for Further Support

For any questions or concerns regarding the use of the GO/NOGO Gauge Sets Clymer 9mm Luger Headspace Gauge Kit, please reach out to the manufacturer or your local firearms expert for assistance. Ensure you have your product details handy for a more efficient response.

By following these safety instructions, you can ensure the safe and effective use of your GO/NOGO Gauge Sets Clymer 9mm Luger Headspace Gauge Kit. Always prioritize safety and compliance with local regulations when handling firearms and related tools.
