Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

GO/NOGO Gauge Sets Safety Instructions

Introduction

Thank you for choosing the GO/NOGO Gauge Sets by CLYMER. This product is designed to help you accurately check chamber length for the 40 S&W cartridge, ensuring that your firearm meets SAAMI specifications. Proper use of these gauges is essential for maintaining a safe and reliable chamber when chambering a new barrel. This safety instruction guide provides important information on how to safely use the gauge set, ensuring compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure that your gauges are used according to the guidelines provided to avoid any potential hazards.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If you receive a notification, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements as outlined by the EU regulations.
- **Special Consumer Focus:** This product is intended for adult users only. Keep out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of gauges may lead to unsafe chambering, potentially resulting in firearm malfunctions or accidents.
 - Always inspect gauges for damage before use. Do not use damaged gauges.
- **Avoiding Hazards:**
 - Ensure that the firearm is unloaded before using the gauges.
 - Use gauges only for their intended purpose as specified in this guide.
 - Do not force gauges into the chamber; they should fit snugly without excessive pressure.
- **Age Specific Warnings:**
 - This product is not suitable for individuals under 18 years of age. Adult supervision is required when used in educational settings.

Instructions for Installation and Usage

- **Unpacking the Gauge Set:**
 - Carefully remove the gauge set from the packaging.
 - Inspect the gauges for any visible damage or defects.
- **Using the Gauges:**
 - **Go Gauge:**

- Insert the Go gauge into the chamber of the firearm.
- The gauge should fit easily without excessive force. If it does not fit, there may be an issue with the chamber.
- **NoGo Gauge:**
 - Insert the NoGo gauge into the chamber following the same procedure as the Go gauge.
 - The NoGo gauge should not fit into the chamber. If it does fit, this indicates that the headspace is too large, and the firearm should not be used until corrected.
- **PostUse:**
 - Clean the gauges after use to remove any debris or contaminants.
 - Store the gauges in the provided durable plastic carrying case to protect them from damage.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the gauges become damaged or unusable, dispose of them responsibly, ensuring they do not pose a risk to others.

Contact Information for Further Support

For any questions or concerns regarding the GO/NOGO Gauge Sets, please refer to the contact information provided by your retailer or manufacturer. They will be able to assist you with any safety inquiries or product support.

By following these guidelines, you can ensure the safe and effective use of the GO/NOGO Gauge Sets. Thank you for your commitment to safety and responsible firearm handling.
