Safety Instruction Guide for LIVE PILOT FINISH REAMERS CLYMER 260 REMINGTON LIVE PILOT FINISHER

Introduction

Thank you for choosing the LIVE PILOT FINISH REAMERS CLYMER 260 REMINGTON LIVE PILOT FINISHER. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the reamer.

General Safety Guidelines

- Ensure safe use of the reamer by following all instructions provided.
- Be aware of potential hazards associated with the use of highspeed cutting tools.
- Always use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Keep the working area clean and welllit to avoid accidents.
- Store the reamer in a safe place when not in use to prevent unauthorized access.
- Regularly inspect the reamer for wear or damage before use.

Specific Safety Precautions for Use

- Only use the reamer for its intended purpose as specified in this manual.
- Ensure that the reamer is securely attached to the machine before operation.
- Do not exceed the recommended speed settings for the reamer to avoid overheating.
- Keep hands and other body parts away from the cutting area during operation.
- If the reamer becomes stuck or binds, turn off the machine and wait for it to stop completely before attempting to clear the blockage.
- Do not wear loose clothing or jewelry that could become caught in the machinery.
- Ensure that all tools and accessories are compatible with the reamer.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment.
- Ensure that the work area is clean and free of obstructions.

2. Installation:

- Attach the reamer to the machine using the live pilot spindle threaded for a 440 fillister head screw.
- Ensure that the reamer is properly aligned and securely fastened.
- Check that the oil grooves in the pilot spindle are clear for optimal lubrication.

3. Usage:

- Start the machine according to the manufacturer's instructions.
- Gradually feed the reamer into the material, allowing it to cut smoothly.
- Monitor the operation for any unusual sounds or vibrations.
- After completing the task, turn off the machine and remove the reamer carefully.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal waste.
- Do not dispose of the reamer in regular household waste.
- Consider recycling options for metal components.

Contact Information for Further Support
