PILOT PACKS CLYMER 6.5 CALIBER BUSHING PACK

Safety Instruction Guide

Introduction

Thank you for choosing the PILOT PACKS CLYMER 6.5 CALIBER BUSHING PACK. This product is designed for use with Clymer piloted reamers and includes a variety of bushings for different calibers. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product as intended and in accordance with the manufacturer's instructions.
- Check for any visible damage to the product before use. Do not use if damaged.
- Store the product in a cool, dry place out of reach of children and pets.
- Regularly inspect the product for wear or damage. Replace any worn or damaged components immediately.
- If you experience any difficulties or have questions regarding the product, seek assistance before proceeding.

Specific Safety Precautions for Use

- Ensure that you are using the correct bushing for your specific reamer and caliber.
- Do not exceed the specified tolerances of $\pm .0000/.0002$ when using the bushings.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling or using this product.
- Keep hands and other body parts clear of moving parts during operation.
- Follow all local regulations and guidelines pertaining to the use of tools and equipment.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the correct bushing for the caliber you are working with:
 - 22 CF: .2186 and .2194
 - 6mm: .2356 and .2364
 - 25 cal: .2496 and .2504
 - 6.5mm: .2556 and .2564
 - 270 cal: .2696 and .2704
 - 7mm: .2756 and .2764
 - 30 cal: .2996 and .3004
- Gather all necessary tools and PPE before beginning.

2. Installation:

- Select the appropriate bushing and ensure it is clean and free of debris.
- Carefully insert the bushing into the reamer, ensuring a snug fit.
- Verify that the bushing is properly seated and secure before proceeding.

3. Usage:

- Follow the manufacturer's instructions for operating the reamer with the installed bushing.
- Monitor the operation closely, ensuring that no unusual noises or vibrations occur.
- If any issues arise, stop the operation immediately and inspect the equipment.

4. PostUse:

- After use, clean the bushing and reamer thoroughly to remove any debris or residue.
- Store the bushings in their designated packaging or a safe location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Consider recycling materials where possible. Check with local waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For questions or concerns regarding the product, please reach out to the appropriate authorities or the manufacturer for assistance.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the PILOT PACKS CLYMER 6.5 CALIBER BUSHING PACK. Your safety is our priority, and we appreciate your commitment to following these guidelines. Thank you for your attention and enjoy your product!
