Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

CLYMER GO & NOGO HEADSPACE GAUGE SETS Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go & NoGo Headspace Gauge Set, specifically designed for 5.56x45mm NATO headspace checking. This guide provides essential safety instructions to ensure the proper and safe use of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- **Product Safety:** Ensure that the Clymer Go & NoGo Headspace Gauge Set is used only for its intended purpose of checking chamber length in firearms.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer's contact information provided on the packaging or product documentation.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- Always inspect the gauges for any signs of damage before use. Do not use damaged gauges.
- Use the gauges in a welllit and clean environment to avoid errors during measurement.
- Ensure that the firearm is unloaded and pointed in a safe direction before checking headspace.
- Do not force the gauges into the chamber. If resistance is felt, stop and check for obstructions or damage.
- Wear safety glasses to protect your eyes from potential debris while using the gauges.
- Store the gauges in their durable plastic carrying case when not in use to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather the necessary tools and the Clymer Go & NoGo Gauge Set.

2. Using the Gauges:

- Identify the Go gauge and NoGo gauge from the set.
- Insert the Go gauge into the chamber. It should fit without excessive force.
- If the Go gauge fits correctly, proceed to insert the NoGo gauge.
- The NoGo gauge should not fit if the headspace is correct. If it does fit, consult a qualified gunsmith before proceeding.

3. PostUse:

- Clean the gauges after use to remove any debris or residue.
- Store the gauges in the provided carrying case to protect them from damage.

Disposal Instructions

- Dispose of the Clymer Go & NoGo Headspace Gauge Set in accordance with local regulations.
- Do not dispose of the gauges in regular household waste. Check for recycling options or designated disposal sites for metal products.

Contact Information for Further Support

For any inquiries or concerns regarding the Clymer Go & NoGo Headspace Gauge Set, please refer to the contact information provided on the product packaging or documentation.
