

NO-GO HEADSPACE GAUGES - CLYMER NO GO 224 VALYRIE HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [CLYMER NO GO 224 VALYRIE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184000078
- Mfr. No.: NG224VALK
- Cartridge: 224 Valkyrie
- Colour: Steel
- Height: 0.415"
- Length: 1.37"
- Material: Steel
- Model Number: NO GO 224 Valkyrie
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.415"
- Delivery weight: 0.025kg
- Shipping height: 22mm
- Shipping width: 22mm
- Shipping length: 58mm

Clymer NoGo Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauges. These precision tools are designed to assist gunsmiths and firearm enthusiasts in ensuring that a firearm's chamber does not exceed the maximum safe headspace dimensions. This guide provides essential safety instructions to help you use the product safely and effectively.

General Safety Guidelines

- Always handle firearms and related tools with care and respect.
- Ensure you are familiar with the operation and characteristics of the firearm you are working on.
- Use the Clymer NoGo Headspace Gauges only for their intended purpose.
- Keep the gauges out of reach of children and unauthorized users.
- Regularly inspect the gauges for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearms and their maintenance.

Specific Safety Precautions for Use

- Do not use the gauges if they show any signs of damage, such as cracks or severe wear.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when working with firearms.
- Ensure the firearm is unloaded and pointed in a safe direction before using the gauges.
- Do not force the gauge into the chamber; it should fit smoothly without excessive pressure.
- If you encounter resistance, stop using the gauge and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Clean the chamber of the firearm to remove any debris or obstructions.

2. Using the Gauge:

- Select the appropriate Clymer NoGo Headspace Gauge based on the caliber of your firearm.
- Gently insert the gauge into the chamber of the firearm.
- Ensure that the gauge is seated properly and does not require excessive force.
- Check for any resistance when closing the bolt. If the bolt does not close fully, the headspace is within acceptable limits.

3. PostUse:

- Remove the gauge from the chamber after use.
- Clean the gauge with a soft cloth to remove any debris or residue.
- Store the gauge in a safe, dry place when not in use.

Disposal Instructions

- Dispose of any damaged or unusable gauges in accordance with local regulations.
- Do not dispose of the gauges in regular household waste if they are made of metal; check for recycling

options in your area.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the appropriate channels as outlined on the product packaging or your point of purchase.

Conclusion

By following these safety guidelines and instructions, you can ensure the proper use of the Clymer NoGo Headspace Gauges. Always prioritize safety and consult a professional if you have any doubts or questions regarding the use of this product. Thank you for your commitment to safe firearms handling and maintenance.
