## Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

## Attributes

- Name: [CLYMER 6.5X47MM LAPUA HEADSPACE GAUGE KIT STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184000081
- Mfr. No.: GONG65X47LAP
- Cartridge: 6.5 x 47 mm Lapua
- Colour: Steel
- Height: 0.465"
- Length: 3.234"
- Material: Steel
- Model Number: 6.5x47mm Lapua
- Style: Gauge Kit
- Weight: 0.2 lbs
- Width: 0.465"
- Delivery weight: 0.068kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 102mm

# CLYMER GO & NOGO HEADSPACE GAUGE SETS Safety Instruction Guide

## Introduction

Thank you for choosing the Clymer Go & NoGo Headspace Gauge Sets. These tools are designed for firearms enthusiasts and gunsmiths to ensure the safe and proper functioning of rifles. This guide provides essential safety instructions to help you use these gauges effectively while complying with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the gauges in a safe and controlled environment.
- Ensure that you are familiar with the operation of firearms before using these gauges.
- Keep the gauges out of reach of children and vulnerable individuals.
- Regularly inspect the gauges for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Precision Handling:** Handle the gauges with care to avoid any damage that may affect their accuracy.
- **Proper Storage:** Store the gauges in the provided durable plastic carrying case when not in use to prevent damage.
- **Avoid Contamination:** Keep the gauges clean and free from oil or debris that may affect measurement accuracy.
- **Caliber Compatibility:** Ensure that you are using the correct gauge for the specific caliber of the firearm.
- **Follow Manufacturer Instructions:** Always refer to the manufacturer's instructions for proper use and maintenance of the gauges.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before using the gauges.
- Gather the necessary tools and materials for your measurement task.

### 2. Using the Go Gauge:

- Insert the Go gauge into the chamber of the firearm.
- The gauge should fit freely without excessive force. If it does not fit, consult a qualified gunsmith.

### 3. Using the NoGo Gauge:

- Insert the NoGo gauge into the chamber after confirming that the Go gauge fits correctly.
- The NoGo gauge should not fit freely into the chamber. If it does, the chamber may be too large, and the firearm should be inspected by a qualified gunsmith.

### 4. PostUse Care:

- Clean the gauges with a soft cloth after use to remove any residue.
- Store the gauges in the carrying case to protect them from damage.

## Disposal Instructions

- Dispose of any damaged or worn gauges responsibly, following local regulations for metal and electronic waste.
- Do not throw gauges in regular household waste. Check with local authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Clymer Go & NoGo Headspace Gauge Sets, please refer to the manufacturer's contact details provided with the product packaging.

By following these safety instructions, you can ensure the effective and safe use of the Clymer Go & NoGo Headspace Gauge Sets. Thank you for prioritizing safety in your firearm maintenance practices.
