LIVE PILOT FINISH REAMERS CLYMER 6.5 PRC

LIVE PILOT FINISHER Safety Instructions

Introduction

Thank you for choosing the LIVE PILOT FINISH REAMERS CLYMER 6.5 PRC LIVE PILOT FINISHER. This product is designed for precision reaming in firearms applications. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle tools with care to prevent injury.
- Ensure that you are familiar with the operation of the reamer before use.
- Keep the work area clean and welllit to avoid accidents.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Store the reamer in a safe place out of reach of children and pets.
- Regularly inspect the reamer for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the reamer is securely attached to the machine before operation.
- Do not use the reamer for purposes other than those specified by the manufacturer.
- Avoid wearing loose clothing or jewelry that may get caught in the reamer.
- Do not operate the reamer if you are tired or under the influence of drugs or alcohol.
- Always follow the manufacturer's instructions regarding the use of bushings and pilot spindles.
- Be aware of the potential for flying debris and ensure that bystanders are at a safe distance.

Instructions for Installation and Usage

1. Installation

- Check that the reamer is compatible with your machine.
- Securely attach the reamer to the machine using the industrystandard 7/16" shank with integral Weldon flat and 1/428 female threads.
- Ensure that the live pilot spindle is threaded correctly for the 440 fillister head screw to attach the industrystandard bushings.

2. Usage

- Before starting, ensure the workpiece is securely clamped.
- Adjust the machine settings according to the material being reamed.
- Start the machine and gradually feed the reamer into the workpiece.
- Monitor the operation continuously for any unusual sounds or vibrations.
- After completing the reaming process, turn off the machine and carefully remove the reamer.

Disposal Instructions

- Dispose of any broken or worn reamers in accordance with local regulations.
- Do not dispose of the reamer in regular household waste.
- Consider recycling the material if possible, or contact local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the LIVE PILOT FINISH REAMERS CLYMER 6.5 PRC LIVE PILOT FINISHER, please contact the manufacturer or authorized distributor. Always ensure that you have the product information ready when seeking assistance.

By following these safety instructions, you can help ensure a safe and effective experience with your LIVE PILOT FINISH REAMERS CLYMER 6.5 PRC LIVE PILOT FINISHER. Thank you for your attention to safety.
