Headspace Gauge Sets In Popular Rifle & Pistol Calibers

CLYMER GO & NO-GO HEADSPACE GAUGE SETS The Clymer Go & No-Go Headspace Gauge Sets are essential tools for gunsmiths and firearm enthusiasts, designed to accurately measure and ensure proper chamber headspace in rifles. These gauges verify that a firearm's chamber meets the Sporting Arms and Ammunition Manufacturers' Institute (SAAMI) specifications, ensuring safe and reliable operation. Key Features: Precision Measurement: Each gauge is precision-machined from high-quality steel to exact SAAMI specifications, providing accurate assessments of chamber dimensions. Comprehensive Sets: Each set includes one "Go" gauge and one "No-Go" gauge for a specific caliber, allowing for thorough evaluation of a firearm's chamber size. Durable Storage: The gauges come in a handy, durable plastic carrying case, offering protection and easy organization. Specifications: Material: Machined steel Standards: Manufactured to SAAMI specifications Included Gauges: "Go" Gauge: Confirms the minimum chamber size "No-Go" Gauge: Identifies excessive chamber size Caliber Options: Available in various calibers to suit different firearms Customer Insights: Our customers consistently praise the Clymer Go & No-Go Headspace Gauge Sets for their precision and reliability. Many appreciate the inclusion of both gauges in a single set, simplifying the process of checking headspace. The durable plastic carrying case is also highlighted as a convenient feature for storage and transport. Incorporating the Clymer Go & No-Go Headspace Gauge Sets into your firearm maintenance routine ensures that your rifles operate within safe headspace parameters, enhancing both safety and performance.

Clymer Go & NoGo Headspace Gauge Sets

Safety Instruction Guide

Introduction

Thank you for choosing the Clymer Go & NoGo Headspace Gauge Sets. These tools are designed for gunsmiths and firearm enthusiasts to ensure the proper chamber headspace in rifles. This guide provides essential safety instructions to help you use the gauges effectively and safely.

General Safety Guidelines

- Ensure that you are familiar with the operation of firearms and the specific requirements for headspace measurements.
- Always use the gauges in a safe environment, free from distractions and potential hazards.
- Keep the gauges out of reach of children and vulnerable individuals.
- Regularly inspect the gauges for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling firearms and gauges.
- Do not use the gauges on firearms that are not compatible with the specified calibers.
- Avoid exposing the gauges to extreme temperatures or moisture, which may affect their accuracy.
- Handle the gauges with care to prevent dropping or damaging them.
- Only use the gauges as intended, following the instructions provided in this guide.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe condition before using the gauges.
- Identify the specific caliber for which you have the Go & NoGo gauges.

2. Using the Go Gauge:

- Insert the Go gauge into the firearm's chamber.
- The gauge should fully chamber without resistance. If it does not, consult a qualified gunsmith.

3. Using the NoGo Gauge:

- Remove the Go gauge and insert the NoGo gauge into the firearm's chamber.
- The NoGo gauge should not fully chamber. If it does, the chamber may be too large, and further evaluation is necessary.

4. PostUse Care:

- After use, clean the gauges to remove any debris or residue.
- Store the gauges in the provided durable plastic carrying case to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn gauges in accordance with local regulations.
- Do not dispose of the gauges in regular household waste. Check with local authorities for proper disposal.

methods.

Contact Information for Further Support
