

# RIMLESS RIFLE CHAMBERING REAMERS - 243 WINCHESTER FINISHING REAMER

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

## Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed.

Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

**Note:** If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

## WINCHESTER FINISHING REAMER Safety

### Instruction Guide

#### Introduction

Thank you for choosing the RIMLESS RIFLE CHAMBERING REAMERS 243 WINCHESTER FINISHING REAMER, manufactured by Clymer. This guide provides essential safety information to ensure the safe and effective use of this product. Please read this guide carefully before using the reamer.

#### General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the reamer.
- Keep the work area clean and welllit to avoid hazards.
- Store the reamer in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the reamer for any signs of damage or wear before use.

#### Specific Safety Precautions for Use

- Use the reamer only for its intended purpose: chambering rifles in .243 Winchester.
- Do not exceed the recommended cutting speeds and feeds as specified in the manufacturer's guidelines.
- Avoid using excessive force when operating the reamer to prevent breakage or injury.
- Ensure that the reamer is securely mounted in a suitable machine before use.
- Do not remove chips or debris from the cutting area while the machine is running.
- If the reamer becomes stuck, stop the machine immediately and follow proper procedures to safely remove it.

#### Instructions for Installation and Usage

##### 1. Preparation

- Gather all necessary tools and PPE before beginning the installation.
- Ensure that the work area is clean and organized.

##### 2. Installation

- Securely mount the reamer in the appropriate machine or fixture.
- Ensure that the reamer is aligned correctly with the workpiece.

##### 3. Usage

- Start the machine according to the manufacturer's instructions.
- Gradually feed the reamer into the workpiece, maintaining a steady pace.
- Monitor the cutting process closely for any irregularities or issues.
- After completing the chambering, carefully withdraw the reamer from the workpiece.

##### 4. PostUsage

- Clean the reamer and the work area after use.
- Inspect the reamer for any signs of wear or damage and store it properly.

## Disposal Instructions

- Dispose of any worn or damaged reamers in accordance with local regulations for metal waste.
- Do not dispose of the reamer in regular household trash.

## Contact Information for Further Support

For any safety inquiries or further support regarding the RIMLESS RIFLE CHAMBERING REAMERS 243 WINCHESTER FINISHING REAMER, please reach out to the designated EU contact point provided with your product packaging.

## Reporting Unsafe Products

- If you encounter any unsafe products or accidents, report them to the relevant authorities immediately.
- Stay updated on recall notices and safety alerts through the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your RIMLESS RIFLE CHAMBERING REAMERS safely and effectively.
