

RIMLESS RIFLE CHAMBERING REAMERS - 260 REMINGTON FINISHING REAMER

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed.

Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Note: If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

RIMLESS RIFLE CHAMBERING REAMERS 260

REMINGTON FINISHING REAMER Safety

Instruction Guide

Introduction

Thank you for purchasing the RIMLESS RIFLE CHAMBERING REAMERS 260 REMINGTON FINISHING REAMER made by Clymer. This precision tool is designed for professional gunsmiths and offers a lifetime of service when properly maintained. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the reamer is used only by qualified personnel who understand the operation of gunsmithing tools.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this tool.
- Keep the work area clean and free from obstructions to prevent accidents.
- Store the reamer in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the reamer for any signs of wear or damage before each use. Do not use if damaged.

Specific Safety Precautions for Use

- Use the reamer only for its intended purpose: chambering rifle barrels.
- Ensure the reamer is securely mounted and aligned before use.
- Do not exceed the recommended cutting speed and feed rate to prevent overheating and tool damage.
- Avoid applying excessive force; let the tool do the work to prevent breakage.
- If the reamer becomes stuck, stop using it immediately and assess the situation to prevent injury.
- Follow all manufacturer instructions for use and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure that the workspace is organized and welllit.

2. Mounting the Reamer:

- Select the appropriate reamer for your chambering needs.
- Securely attach the reamer to the appropriate machine, ensuring it is properly aligned.

3. Using the Reamer:

- Start the machine at a low speed to ensure proper cutting.
- Gradually increase the speed as necessary, following the manufacturer's guidelines.
- Use a steady and controlled motion when cutting the chamber.
- Monitor the cutting process closely to avoid overheating.

4. Finishing:

- Once the desired chamber depth is reached, reduce the speed and carefully withdraw the reamer.

- Clean the reamer after use to remove any debris or residue.

5. Storage:

- Store the reamer in its designated case or holder to protect it from damage and contamination.

Disposal Instructions

- Dispose of any damaged or worn reamers according to local regulations for metal waste.
- Ensure that all packaging materials are disposed of in an environmentally responsible manner.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RIMLESS RIFLE CHAMBERING REAMERS 260 REMINGTON FINISHING REAMER, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety guidelines and instructions, you can ensure safe and effective use of the RIMLESS RIFLE CHAMBERING REAMERS 260 REMINGTON FINISHING REAMER. Always prioritize safety and proper maintenance to extend the life of your tools and enhance your gunsmithing experience. Thank you for choosing Clymer products.
