

RIMLESS RIFLE CHAMBERING REAMERS - 6.5MM-06 A-SQUARE FINISHING REAMER

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed. Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Note: If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

RIMLESS RIFLE CHAMBERING REAMERS 6.5MM06 ASQUARE FINISHING REAMER Safety Instructions

Introduction

Thank you for choosing the RIMLESS RIFLE CHAMBERING REAMERS 6.5MM06 ASQUARE FINISHING REAMER. This product is designed for precision use by professional gunsmiths. To ensure safe and effective usage, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that all safety precautions are observed when using this product.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the reamer is used only for its intended purpose.
- Verify that the reamer is compatible with the firearm and chamber specifications before use.
- Keep the reamer out of reach of children and unauthorized users.
- Regularly inspect the reamer for wear and damage. Do not use if damaged.

Specific Safety Precautions for Use

- Use the reamer only with compatible drill presses or lathes that provide stable support.
- Ensure that the reamer is securely fastened in the chuck before operation.
- Do not apply excessive force when using the reamer; let the tool do the work.
- Avoid wearing loose clothing or jewelry that may become caught in the tool.
- Do not attempt to modify or alter the reamer in any way.
- Always follow the manufacturer's instructions regarding operation and maintenance.

Instructions for Installation and Usage

1. Preparation

- Ensure that you have the appropriate tools and equipment ready for use.
- Review the specifications of the firearm and chamber you will be working on.

2. Installation

- Secure the reamer in a compatible drill press or lathe.
- Check that the reamer is aligned properly with the workpiece.

3. Usage

- Start the tool at a low speed and gradually increase as needed.
- Apply steady, even pressure while reaming, allowing the tool to cut without forcing it.
- Monitor the process closely to avoid overheating the tool or the workpiece.
- After use, turn off the machine and carefully remove the reamer.

4. PostUsage Care

- Clean the reamer to remove any debris or residue.
- Store the reamer in a safe, dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal and tool disposal.
- If the reamer is damaged beyond repair, consider recycling the metal components.

Contact Information for Further Support

For any questions or concerns regarding the safe use of the RIMLESS RIFLE CHAMBERING REAMERS 6.5MM06 ASQUARE FINISHING REAMER, please consult your local dealer or visit the manufacturer's website for additional resources and support.

Conclusion

By adhering to these safety instructions, you can ensure the safe and effective use of the RIMLESS RIFLE CHAMBERING REAMERS 6.5MM06 ASQUARE FINISHING REAMER. Thank you for prioritizing safety in your gunsmithing practices.
