[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

## Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed. Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

**Note:** If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

# RIMLESS RIFLE CHAMBERING REAMERS 7X57MM MAUSER FINISHING REAMER Safety Instruction Guide

## Introduction

Thank you for choosing the RIMLESS RIFLE CHAMBERING REAMERS 7X57MM MAUSER FINISHING REAMER. This guide is designed to provide you with essential safety information and instructions for the proper use of this product. Adhering to these guidelines will help ensure your safety and the safety of others while using this precision tool.

## General Safety Guidelines

- Always read and understand the safety instructions before using the reamer.
- Ensure that you are familiar with the operation of the tool and its components.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling or using the reamer.
- Keep the work area clean and welllit to avoid accidents.
- Store the reamer in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the reamer for signs of wear or damage before use.
- If you notice any defects, do not use the reamer and contact the manufacturer for advice.

## Specific Safety Precautions for Use

- Ensure that the reamer is compatible with the firearm and the specific chambering before use.
- Always use the reamer in accordance with the manufacturer's instructions.
- Avoid excessive force when using the reamer; allow the tool to do the work.
- Do not attempt to modify or alter the reamer in any way.
- Be cautious of the cutting edges; they are sharp and can cause injury.
- Do not leave the reamer unattended while in use.
- Use the reamer in a wellventilated area to avoid inhaling any metal shavings or debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the firearm is unloaded and in a safe condition.

### 2. Installation:

- Securely attach the reamer to the appropriate drill or machine, ensuring it is properly aligned.
- Confirm that the shank is firmly held in place to prevent slippage during use.

### 3. Usage:

- Begin reaming at a slow speed to establish control.
- Gradually increase speed as needed, but do not exceed recommended speeds.
- Periodically withdraw the reamer to clear chips and debris from the cutting area.
- Monitor the progress closely to avoid overreaming or damaging the chamber.

### 4. PostUse:

- Clean the reamer thoroughly after use to remove any metal shavings or debris.
- Inspect the cutting edges for wear and damage.
- Store the reamer in its protective case or a safe location.

## **Disposal Instructions**

- Dispose of any metal shavings and debris in accordance with local regulations.
- If the reamer is no longer usable, follow local guidelines for the disposal of tools and materials.
- Do not throw the reamer in regular trash; check for recycling options if available.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product. It is important to have access to assistance for any questions or concerns regarding the safe use of the reamer.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with your RIMLESS RIFLE CHAMBERING REAMERS 7X57MM MAUSER FINISHING REAMER.
