# Safety Instruction Guide for the 308 MATCH REAMER CLYMER

## Introduction

Thank you for choosing the 308 MATCH REAMER CLYMER. This precision tool is designed for professional gunsmithing and is made from highquality M7 HighSpeed Steel. To ensure your safety and the longevity of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the reamer out of reach of children and other unauthorized individuals.
- Inspect the reamer for any damage before each use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE) including safety glasses and gloves when handling and using the reamer.
- Ensure your work area is clean, welllit, and free from any distractions.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity while using the tool.

## Specific Safety Precautions for Use

- Do not exceed the recommended operating speeds for the reamer.
- Use the reamer only for its intended purpose as specified by the manufacturer.
- Avoid using excessive force when operating the reamer to prevent breakage or injury.
- Always secure the workpiece properly before using the reamer.
- If you experience any unusual vibrations or noises during use, stop immediately and inspect the tool.
- Do not attempt to modify or repair the reamer yourself. Contact a qualified professional for any repairs.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have all necessary tools and safety equipment before beginning.
- Familiarize yourself with the reamer and its components.

### 2. Installation:

- Secure the reamer in a compatible reamer holder or collet.
- Ensure that the reamer is tightly secured to prevent slippage during use.

### 3. Usage:

- Position the workpiece securely in a vise or fixture.
- Align the reamer with the intended hole or area to be reamed.
- Begin operation at a low speed, gradually increasing as necessary for the material being worked on.
- Maintain a steady and controlled feed rate to ensure an even finish.
- After completing the reaming process, carefully withdraw the reamer from the workpiece.

### 4. PostUsage:

- Clean the reamer thoroughly to remove any debris or residue.
- Store the reamer in a dry, safe place to prevent damage.

## **Disposal Instructions**

- Dispose of the reamer in accordance with local regulations for metal products.
- Do not dispose of the reamer in regular household waste.
- If the reamer is damaged beyond use, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the 308 MATCH REAMER CLYMER, please refer to the manufacturer's contact details provided with your product packaging or on their official website.

Thank you for prioritizing safety while using the 308 MATCH REAMER CLYMER. Your adherence to these guidelines helps ensure a safe and effective working environment.
