

RIMMED & BELTED RIFLE CHAMBERING REAMERS - CLYMER 338 WINCHESTER MAGNUM FINISHER CHAMBER REAMER

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

Finest Workmanship & Quality; Made In USA From M-7 High Speed Steel

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed. Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Belted Finisher Style Reamer fits .338 Winchester Mag

Consumer Safety Instruction Guide for RIMMED & BELTED RIFLE CHAMBERING REAMERS CLYMER 338 WINCHESTER MAGNUM FINISHER CHAMBER REAMER

Introduction

Thank you for choosing the CLYMER 338 Winchester Magnum Finisher Chamber Reamer. This guide provides essential safety information to ensure your safe use of this product. Please read this guide thoroughly before using the reamer.

General Safety Guidelines

- Always ensure that the reamer is used in accordance with the manufacturer's instructions.
- Inspect the reamer before each use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Ensure that the workspace is clean and free of obstructions.
- Keep the reamer out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always use the reamer in a wellventilated area to avoid inhalation of dust or debris.
- Ensure that the reamer is securely mounted before operation to prevent slipping or movement.
- Do not exceed the recommended speed settings for the reamer to avoid overheating.
- Use the reamer only for its intended purpose; do not modify or alter it in any way.
- Be cautious of sharp edges and rotating parts while the reamer is in use.
- In case of any malfunction, stop using the reamer immediately and consult a professional.

Instructions for Installation and Usage

1. Installation

- Securely attach the reamer to a compatible drill or machine.
- Ensure the 7/16" round shank is properly fitted into the drill chuck.
- If using a .22 RF, ensure the 1/4" round shank is correctly installed.

2. Usage

- Before starting, doublecheck that the reamer is properly secured and that all safety equipment is in place.
- Start the drill at a low speed to ensure stability.
- Gradually increase the speed as needed while monitoring the operation closely.
- Apply consistent pressure without forcing the reamer to avoid damage.
- After use, turn off the drill and carefully remove the reamer.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations for metal waste.
- If the reamer is damaged or no longer usable, consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or concerns regarding the CLYMER 338 Winchester Magnum Finisher Chamber Reamer, please consult your local distributor or refer to the manufacturer's website for additional resources.

By following these guidelines, you can ensure a safe and effective experience with your CLYMER 338 Winchester Magnum Finisher Chamber Reamer. Thank you for prioritizing safety.
