

PISTOL CHAMBERING REAMERS - RIMLESS FINISHER STYLE REAMER FITS .40 S&W BARREL

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

Cut Accurate Chambers For Rimmed, Rimless, & Rimfire Handgun Cartridges

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed. Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Note: If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

Safety Instruction Guide for Pistol Chambering Reamers Rimless Finisher Style Reamer Fits .40 S&W Barrel

Introduction

Thank you for choosing the Pistol Chambering Reamers Rimless Finisher Style Reamer. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this precision tool. Please read and understand these instructions thoroughly before using the product.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of firearms and related tools.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the reamer.
- Keep the reamer out of reach of children and unauthorized individuals.
- Inspect the reamer for damage or wear before each use. Do not use if damaged.
- Store the reamer in a secure location to prevent accidental injury or misuse.
- Follow all local laws and regulations regarding the use of firearms and gunsmithing tools.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp edges: The cutting edges of the reamer are sharp and can cause cuts or lacerations.
- Flying debris: Chips and debris may be ejected during use, which can cause eye injuries.
- Tool malfunction: Improper use can lead to tool failure, resulting in injury.

- **Avoiding Hazards:**

- Always maintain a firm grip on the reamer during operation.
- Ensure that the work area is clean and free from obstructions.
- Do not exceed the recommended cutting speeds and feeds.
- Use the reamer only for its intended purpose as specified in the product description.
- Do not attempt to modify or alter the reamer in any way.

- **Age Specific Warnings:**

- This product is intended for use by qualified adults only. Ensure that minors are supervised at all times when in the vicinity of the reamer.

Instructions for Installation and Usage

- **Installation:**

- Ensure that the reamer is compatible with your specific firearm and chambering requirements.
- Securely mount the reamer in a suitable machine or hand tool designed for reaming operations.
- Ensure that the reamer's pilot is properly aligned with the chamber before starting the operation.

- **Usage:**

- Begin reaming at a slow speed to ensure proper alignment and to minimize tool wear.

- Gradually increase the speed as necessary while monitoring the cutting action.
- Frequently check the progress and the condition of the reamer during use.
- After achieving the desired chamber specifications, remove the reamer carefully and clean any debris from the chamber area.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal tools and sharp objects.
- If the reamer is damaged beyond repair, ensure that it is rendered unusable before disposal to prevent accidental injury.
- Consider recycling the material if applicable, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of this product, please consult your local firearms expert or gunsmith. Always ensure that you are following the latest safety guidelines and regulations.

Thank you for prioritizing safety in your gunsmithing activities.
