

PISTOL CHAMBERING REAMERS - CLYMER RIMLESS FINISHER STYLE REAMER FITS 10MM AUTO BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

Cut Accurate Chambers For Rimmed, Rimless, & Rimfire Handgun Cartridges

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed. Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Note: If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

PISTOL CHAMBERING REAMERS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Clymer Rimless Finisher Style Reamer for your 10mm Auto Barrel. This guide provides essential safety instructions and information to ensure the safe use and handling of your reamer. Please read this document carefully before use.

General Safety Guidelines

- Ensure that all safety measures are followed when using the reamer.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the reamer out of reach of children and vulnerable individuals.
- Inspect the reamer for any damage before each use. Do not use if damaged.
- Use the reamer only for its intended purpose as specified in this guide.
- Follow all local laws and regulations regarding firearms and gunsmithing.

Specific Safety Precautions for Use

- Do not attempt to modify the reamer in any way.
- Ensure that the work area is clean and free of obstructions.
- Always use the reamer with a compatible drill or machine.
- Avoid using excessive force when cutting; let the tool do the work.
- Be aware of your surroundings and ensure that no one is in the vicinity of the cutting area.
- If you experience any unusual resistance or binding, stop using the reamer immediately and inspect for issues.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that you have a suitable work surface and that your equipment is in good condition.

2. Installation:

- Select the appropriate pilot diameter for your application (Barrel for Single Shot or SemiAuto pistol and rifle barrels; Cylinder for Revolver cylinders).
- Securely attach the reamer to the drill or machine. Ensure that it is properly aligned.

3. Using the Reamer:

- Start the drill or machine at a low speed to ensure control.
- Gradually increase the speed as needed, ensuring that you maintain control of the tool.
- Apply consistent and moderate pressure; do not force the reamer through the material.
- Periodically withdraw the reamer to clear any debris from the cutting area.

4. PostUse Care:

- After completing the reaming process, carefully remove the reamer from the drill or machine.
- Clean the reamer with a suitable cleaning solution to remove any residue.
- Store the reamer in a safe and dry location, away from children.

Disposal Instructions

- Dispose of any damaged or worn reamers in accordance with local regulations.
- If the reamer is no longer usable, consider recycling the material where possible.
- Do not dispose of the reamer in regular household waste.

Contact Information for Further Support

For safety inquiries or concerns regarding this product, please refer to the manufacturer's contact point in the EU. This information can typically be found on the product packaging or the manufacturer's official website.

Please ensure that you follow these guidelines to maintain safety while using the Clymer Rimless Finisher Style Reamer. Your safety is our priority.
