

# PISTOL CHAMBERING REAMERS - CLYMER RIMMED FINISHER STYLE REAMER FITS .45 LONG COLT BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

## Cut Accurate Chambers For Rimmed, Rimless, & Rimfire Handgun Cartridges

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed.

Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

**Note:** If you do not see the caliber you are looking for below, please feel free to contact our [Special Orders Department](#), as many additional items are available from Clymer.

# **Safety Instruction Guide for PISTOL CHAMBERING REAMERS CLYMER RIMMED FINISHER STYLE REAMER FITS .45 LONG COLT BARREL**

## **Introduction**

Thank you for choosing the Pistol Chambering Reamers Clymer Rimmed Finisher Style Reamer for your firearms needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the reamer to understand the potential hazards and how to mitigate them.

## **General Safety Guidelines**

- Ensure safe use of all nonfood products, including this reamer.
- Always follow manufacturer instructions and safety guidelines.
- Be aware of risks that may not be covered by other regulations.
- Use the reamer only for its intended purpose.
- Keep the reamer out of reach of children and vulnerable individuals.
- Regularly check for product recalls and updates through the EU Safety Gate platform.
- Report any unsafe products or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the reamer.
- Ensure that the work area is clean and welllit to prevent accidents.
- Inspect the reamer before use for any signs of damage or wear. Do not use if damaged.
- Use the reamer in a stable position to avoid slips and injuries.
- Keep hands and other body parts clear of the cutting area while operating the reamer.
- Use the reamer only with compatible firearms and according to the specifications provided.
- Do not force the reamer; if it becomes difficult to operate, stop and assess the situation.
- Store the reamer in a safe place when not in use, preferably in a protective case.

## **Instructions for Installation and Usage**

- Before starting, ensure you have a clean workspace and all necessary tools at hand.
- Verify that the reamer is the correct size for the intended chamber.
- Secure the barrel or cylinder in a stable position using a vise or other suitable fixture.
- Insert the reamer into the chamber and ensure it is properly aligned.
- Turn the reamer slowly and steadily, applying light pressure. Do not rush the process.
- Periodically remove the reamer to clear any debris from the cutting area.
- After reaming, clean the reamer and the work area thoroughly to remove metal shavings and debris.
- Follow the manufacturer's guidelines for any specific recommendations related to your reamer.

## **Disposal Instructions**

- Dispose of any damaged or worn reamers in accordance with local regulations.
- Do not throw the reamer in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the Pistol Chambering Reamers Clymer Rimmed Finisher Style Reamer, please refer to the manufacturer's contact information provided with the product.
