Introduction

Thank you for choosing the Clymer 7.652x54R Finisher Chamber Reamer. This guide provides essential safety information and instructions to ensure safe and effective use of this precision tool. Please read through this document carefully before use.

General Safety Guidelines

- Ensure that all safety protocols are followed when using this tool.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the work area clean and welllit to minimize risks.
- Be aware of your surroundings and ensure that no unauthorized persons are present while using the reamer.
- Regularly inspect the tool for damage or wear; do not use if damaged.
- Follow all local laws and regulations regarding the use of firearms and related tools.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only for its intended purpose: chamber reaming in firearms.
- Always ensure that the firearm is unloaded before beginning any work.
- Do not exceed the recommended cutting depth to avoid damaging the tool or firearm.
- Use the rougher reamer first if multiple chambers are to be cut, to preserve the finish reamer.
- Keep hands and other body parts clear of the cutting area during operation.
- Do not force the reamer; let it cut at its own pace to avoid overheating or breaking.
- Ensure that the reamer is securely mounted before use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and PPE.
- Ensure the workspace is clean and organized.

2. Mounting the Reamer

- Install the reamer into a compatible drill or machine with the appropriate shank size (7/16" round shank with 3/8" square drive).
- Ensure the reamer is securely tightened to prevent slippage during operation.

3. Using the Reamer

- Position the reamer over the chamber to be cut.
- Start the drill or machine at a low speed to ensure control.
- Gradually increase speed as needed, monitoring the cutting process.
- Use light, even pressure; do not force the reamer.
- Frequently check the depth of the cut to ensure it meets specifications.

4. PostUse Care

- Clean the reamer after use to remove any debris or residue.
- Inspect the reamer for any signs of damage or wear.
- Store the reamer in a safe, dry place away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the reamer in accordance with local regulations regarding metal waste.
- Do not dispose of in regular household waste.
- If the reamer is damaged or no longer usable, consider recycling options for metal materials.
