

# PISTOL CHAMBERING REAMERS - CLYMER RIMLESS FINISHER STYLE REAMER FITS 9MM LUGER BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Reamers](#) > [Centerfire Reamers](#)

## Cut Accurate Chambers For Rimmed, Rimless, & Rimfire Handgun Cartridges

Made by Clymer, a truly dedicated group of gun people, from best quality, M-7 High-Speed Steel. These are precision tools for the professional gunsmith and will give a lifetime of service when properly cared for. Fully guaranteed.

Roughers are .010" smaller in diameter than the final size, do not cut the throat area and should be used to save wear on the Finish Reamer when many chambers are to be cut. If only a few chambers will be cut, a Finish Reamer is all you need. Superb quality reamers made to SAAMI specifications.

Rimless Finisher Style Reamer fits 9mm Luger Barrel

# Safety Instruction Guide for PISTOL CHAMBERING REAMERS

## Introduction

Thank you for choosing the PISTOL CHAMBERING REAMERS CLYMER RIMLESS FINISHER STYLE REAMER designed for 9mm Luger barrels. This guide provides important safety instructions and guidelines to ensure your safe and effective use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the reamer is used only by qualified individuals who understand its operation and potential hazards.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this product.
- Keep the working area clean and welllit to avoid accidents.
- Store the reamer in a safe place out of reach of children and unauthorized users.
- Regularly inspect the reamer for any signs of wear or damage before use. If any defects are found, do not use the reamer and contact a qualified technician for assessment.

## Specific Safety Precautions for Use

- Use the reamer only for its intended purpose: chambering 9mm Luger barrels.
- Ensure that the reamer is securely attached to the appropriate machine or tool before use.
- Do not exceed the recommended speed and feed rates specified by the manufacturer.
- Avoid using excessive force when operating the reamer; let the tool do the work.
- Never attempt to modify or alter the reamer in any way.
- If you experience any unusual vibrations or noises during use, stop immediately and inspect the reamer and equipment.
- Be aware of the potential for metal shavings and chips to become airborne; use a vacuum or brush to clean up debris after use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and PPE before beginning the installation and usage process.
- Ensure that the workspace is clean and free from obstructions.

### 2. Installation:

- Attach the reamer to the machine or tool according to the manufacturer's instructions.
- Ensure that the shank is properly secured and that all fasteners are tightened.

### 3. Using the Reamer:

- Position the barrel securely in a vice or fixture to prevent movement during reaming.
- Align the reamer with the chamber of the barrel.
- Start the machine and gradually feed the reamer into the barrel while maintaining a steady and controlled speed.
- Monitor the process closely for any signs of difficulty or abnormal operation.

### 4. PostUse:

- After completing the reaming process, carefully remove the reamer from the machine.
- Clean the reamer and the working area to remove any metal shavings or debris.
- Store the reamer in its designated case or location, ensuring it is protected from damage.

## Disposal Instructions

- Dispose of any damaged or worn reamers in accordance with local regulations.
- Recycle materials whenever possible to minimize environmental impact.
- If the reamer is no longer usable, ensure it is rendered unusable before disposal to prevent accidental injury.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the PISTOL CHAMBERING REAMERS, please refer to the manufacturer's contact information provided with the product.

## Conclusion

By following the safety instructions outlined in this guide, you can ensure the safe and effective use of the PISTOL CHAMBERING REAMERS CLYMER RIMLESS FINISHER STYLE REAMER. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
